I am excited to announce that we have revamped the [Employment First Training and Technical Assistance](#) web page to include new features and resources.

The page is at <http://www.oregon.gov/DHS/EMPLOYMENT/EMPLOYMENT-FIRST/Pages/training.aspx>.

The page includes a Training calendar with information and links to all Employment First-related trainings and events, including Oregon Employment Learning Network (OELN) trainings, Oregon Training & Consultation trainings, and major conferences, such as the upcoming Oregon Statewide Transition Conference. If you have Employment First-related trainings, conferences or events to submit for the calendar, please send them to: employment.first@state.or.us

In addition, there is information on innovative projects happening in Oregon, such as transformation, summer work experience, and more. Local Employment First team contacts are now included, and an archive of all past Community of Practice webinars.

Resources for families and self-advocates, employment professionals, service coordinators and personal agents and Vocational Rehabilitation counselors are also available on the page.

The page will be active and updated regularly. A subscription button on the page allows you to become automatically notified when the training page is updated.

If you have any questions, please let me know. Thank you.
