Topic: **Financial Impact of COVID-19 (Provider Survey)**

Dear providers and partners,

We have an important survey we would like you to take about the financial impact the COVID-19 pandemic has had on your organization.

But first, I want to thank you for your work and for partnering with us to serve the people of Oregon. We know that all of you have been working harder than ever endeavoring to provide services and supports during this time of COVID-19.

We know resources are being stretched thin which is why we've drafted a survey to inquire about your organization's financial ability to continue in the short and the long term so we can best know how to support you.

We are asking for your help in completing the survey by Friday, June 12th, 2020. The survey takes about 5 minutes to complete. If you receive this survey invitation more than once, we apologize for the duplication as we want to be sure we reach each of our providers. We will communicate back to you the aggregate results. The data and information you share will help us better strategize and plan to ensure that providers remain financially sustainable and can continue to provide care to Oregonians.

about DHS issues that could affect providers and partners.

Again, I thank you. We are in this work together and we remain grateful for your creativity, resilience and commitment to our shared vision.
