

Adult Foster Home Provider Alert

Policy updates, rule clarifications and announcements

Date: December 27, 2021
To: APD Adult Foster Home Providers
From: Safety, Oversight and Quality Unit
Topic: **COVID-19 Vaccine Booster Information**

With the Omicron variant of COVID-19 spreading in Oregon, vaccines and booster shots are the most effective means of protecting Oregonians from the virus. It is recommended that everyone age 16 and older get a booster dose when they are eligible: six months after their second dose of a Pfizer or Moderna vaccine and two months after a Johnson & Johnson vaccine dose.

The Oregon Health Authority (OHA) is making a concerted effort to expand COVID-19 booster access for all Oregonians. The OHA COVID-19 website is updated regularly with new walk-in clinics, drive-thru clinics, and other booster options across the state. Please visit the following page to find booster events in your area: [COVID-19 Vaccine Booster](#)

Additionally, you can submit your AFH information in the following survey to be contacted about mobile vaccination options and other vaccine assistance: [Vaccine Survey Tool](#)

If you have any questions, please email the policy team at APD.AFHteam@dhosha.state.or.us
