Winter Weather Preparedness and Tips:

- Keep posted on weather conditions. Listen to local media sources or your [NOAA weather radio](#).
 - Prepare for isolation at home. Keep an [emergency kit](#) on hand.
 - Be ready for power outages by having blankets, flashlights, food, water, and medications on hand.
 - Use lights for heat if the furnace goes out. Don't use gas stoves.
 - Prevent wood/oil-burning stoves, fireplaces, or electric heaters from overheating and becoming fire hazards. Fill all liquid fuel heating devices outside buildings.
 - Stay indoors. Overexertion from activities such as snow shoveling is a major cause of winter storm deaths.
 - Dress in warm layers to avoid frostbite. Learn more about [frostbite](#).
 - Travel only if necessary, and then only in daylight on major roads. Check Oregon's Department of Transportation [Trip Check](#) or call 5-1-1 before heading out.
