Quality

RE: Portland State University Questionnaire

Summary: Oregon Department of Human Services (DHS) asked the Institute on Aging at PSU to collect information about residents and communities and to prepare a report that informs providers, consumers, and state agency staff about resident acuity, staffing patterns, services, and community policies. Each community will receive a mailed copy of the questionnaire from PSU in December 2017.

To produce a high quality report, PSU needs a strong response from providers. The information that communities provide helps us understand how to define and achieve quality metrics for Community-Based Care communities. **DHS requires providers to complete the questionnaire and return it to PSU.**

The deadline for returning the questionnaire is January 8, 2018.

If you need another copy of the questionnaire, contact Sheryl Elliott at 503.725.2130 or cbcor@pdx.edu, or download a copy from: <https://www.pdx.edu/ioa/oregon-community-based-care-project>

The Oregon Health Care Association, Leading Age, and DHS provided input on the questionnaire and support this project. The report based on the questionnaire completed by communities last year is available at <https://www.pdx.edu/ioa/oregon-community-based-care-project>
