RE: LTC Testing and Reporting PAAB

We appreciate the diligent effort facilities have made to meet the baseline COVID-19 long term care facility testing. However, there are facilities that need to submit test numbers and final attestations by the September 30 deadline. **Please note the following essential information:**

- **Each** facility is required to submit a final attestation to satisfy baseline testing requirements. This means facilities including both a nursing facility and residential care facility must submit an attestation *for each* separate license type.
- If your facility has **completed 100%** of the required baseline testing, ***please submit a final attestation*** to the Safety, Oversight and Quality (SOQ): <https://www.surveymonkey.com/r/Y82YWZQ>
- If you **have not completed final testing please submit a progress** report using the September Reporting link to report your current progress: <https://www.surveymonkey.com/r/DN96RCL>

This is critical because it is a tool through which Aging and People with Disabilities (APD), and SOQ can link facilities with testing support and services.

- **New 9/14/2020** – **once a final attestation has been submitted please submit all cumulative testing data** to the Department here: <https://www.surveymonkey.com/r/HVNBV2X>
