RE: Water Advisory Awareness Following Wildfires

This provider alert is intended to offer guidance and awareness information related to potential water district concerns in your licensed area. Listed below are two website links that offer current updates as to water conditions and the districts impacted.

Important information about potential concerns in your area can be found by following this link:

[Oregon Public Health Drinking Water Data Online](#)

Please note the Safety, Oversight and Quality Unit does not have updated information specific to each water district. The link above offers additional information in your area – please click “see details” on the right-hand side of the page for your water district and the contact information that is provided.

[Oregon Map of impacted water districts](#) - This map offers a statewide overview of impacted water districts.

As always, you can reach your assigned licensing teams as follows:
