Reminder – Survey on Dementia Care in Oregon:

This is a reminder about completing the surveys on dementia care in Oregon's long term care settings. An Administrator Alert went out last week about these surveys. We'd like to hear from individuals who work in both endorsed memory care communities and non endorsed communities. Please complete the survey(s) by this Friday, March 22, 2013.

The collective information obtained through this confidential survey will be used to in discussions of two workgroups that have been formed as a result of the State Plan on Alzheimer's Care in Oregon also known as SPADO. The information may also be used for future planning and policy development. Individual facilities will not be identified. Staff members who provide direct services to residents as well as management staff are welcome to complete this survey.
