Survey on Dementia Care – Extended until April 3, 2013

You can still take the survey on dementia care until Wednesday, April 3, 2013.

The collective information from this confidential survey will be used to help the workgroups that were formed as a result of the State Plan on Alzheimer's Care, develop meaningful strategies in caring for people with dementia. It may also be used for future planning and policy development by DHS. Individual facilities will not be identified. Staff members who provide direct services to residents as well as management staff are welcome to complete this survey.
