CBC-21-008- Provider Alert

**TO: Residential Care and
Assisted Living Facilities**

FROM: Safety Oversight and Quality

RE: Facility Vaccination Reporting Requirements

This alert is a reminder to Community Based Care Facilities of the requirement to report vaccination status of residents and staff to the Oregon Health Authority.

For those facilities that have not yet reported COVID-19 vaccination data to the Oregon Health Authority, weekly reporting has been required, effective June 1, 2021, per the Oregon Administrative Rule (OAR) 411-061.

All assisted living and residential care facilities need to register and report via the OHA COVID-19 Vaccination Reporting Survey for Long-Term Care Facilities. **Please register and report by Tuesday September 21st, 2021.**

If your facility has not registered and reported vaccine data to OHA, please use the link below.
