Dear Providers:

As you're aware, Governor Brown recently approved many counties to begin phase two of reopening Oregon. This approval does not change any existing DHS policies on long term care facility visitation. Visitation should continue to be restricted in accordance with the direction provided in our [March 18, 2020 policies](#).

The Department understands and appreciates the pent-up demand from residents, family members and facilities to resume visitation. We are currently working on the guidelines to resume visitation that will incorporate feedback from a wide group of stakeholders. We intend to issue that guidance within the week.

Sincerely,

Mike McCormick, Interim Director  
Aging and People with Disabilities Program
