Re: FAQ – Universal Eye Protection in Long-Term Care Facilities

Dear Providers,

Please find attached FAQ document from the Oregon Health Authority (OHA) addressing questions and concerns around recent Universal Eye Protection guidance. The FAQ details specific questions the Department has received related to this guidance, including but not limited to:

- Which staff are required to wear universal eye protection?
- At what times/for what tasks must universal eye protection be utilized?
- Are providers required to follow this guidance?

As always, please contact SOQ if you have any additional questions or concerns. Thank you so much for all that you are doing!

If you have any questions about COVID-19 you can email
