**RE: COVID-19 Testing Reporting Requirements**

---

The plan for initial COVID-19 long-term care testing in all NF, RCF and ALF facilities is well underway. This is a reminder that reporting of current testing status is required per Oregon Administrative Rule.

### 411-060-0050 Reporting

- (1) By the last day of July, August, and September 2020, each Facility must submit to the Department on a form promulgated by the Department a summary report attesting to Facility Staff, Associated Staff and Resident testing completed since June 1, 2020, and listing remaining Facility Staff and Associated Staff to be tested and Residents to be offered testing.

You are required to report the current status by the last day of each month in July, August, and September even if you have not yet begun your initial testing for all residents, facility staff and associated staff. If you did not yet report for July, you will be able to use the August survey twice – once to report your July update and then again at the end of the month to report any pertinent updates. Please ensure all July data is reported by Friday August 7, 2020 at 11:59PM. The current reporting tool can be found by clicking here: [LTC Testing Progress Report \(August\)](#). Additionally, if you have completed your testing you may submit a final attestation of completion by following this link: [LTC Testing Attestation of Completion](#). Only submit this attestation if you have finished all initial testing for residents, facility staff and associated staff.

If you have any questions about this process or the Governor's plan for long-term care testing please email [SOQ.LTCinfo@dhsosha.state.or.us](mailto:SOQ.LTCinfo@dhsosha.state.or.us) or visit the [Oregon DHS LTC Testing Website](#).

If you have already submitted your September attestation of completion, please disregard.
