### NF-21-031 – Provider Alert

Date: June 21, 2021

To: All Nursing Facilities  
All Assisted Living Facilities  
All Residential Care Facilities

From: Aging and People with Disabilities  
ODHS Safety, Oversight and Quality Unit (SOQ)

Subject: **COVID-19 Vaccination Interim Report and Required Reporting Updates including June 29 Webinar**

---

This alert includes updates and resources for reporting staff and resident vaccination data to Oregon Health Authority (OHA) including a June 29 webinar:

- OHA has released an [Interim Long-Term Care Facility \(LTCF\) COVID-19 Vaccination Report](#) that provides a snapshot of aggregate staff and resident vaccination percentages based on the facility data available. The report shows that as of May 9, 2021, 62% of staff and 84% of residents in long-term care facilities were completely vaccinated. See the report for additional findings. Thank you to those facilities that reported weekly COVID-19 vaccination data and contributed to this report.
- **For those facilities that have not yet reported COVID-19 vaccination data to OHA, weekly reporting is now required, effective June 1, 2021, per the Oregon Administrative Rule (OAR) [411-061](#).** For nursing facilities, reporting weekly COVID-19 vaccination data to NHSN will suffice for OHA reporting, but assisted living and residential care facilities will need to register and report via the [OHA COVID-19 Vaccination Reporting Survey for Long-Term Care Facilities](#).
- OHA is offering a one-hour training webinar to review COVID-19 vaccination tracking and reporting for Oregon nursing, assisted living,

and residential care facilities. The tracking tools, reporting options, and resources for facilities will be discussed. Slides and the recording will be available after the call for those unable to attend.

**When:** Tuesday, June 29, 2021, 11 a.m. Pacific Time (US and Canada)  
Register in advance for this meeting:
