Virtual 2022 Elder Abuse Prevention Summit

Please join the Oregon Health Care Association (OHCA), the Oregon Department of Human Services (ODHS), and LeadingAge Oregon for the annual Elder Abuse Prevention Summit. This event is hosted on June 14 and will honor and bring into focus [World Elder Abuse Awareness Day](#).

This educational event will be held virtually and will focus on service planning, change of condition and monitoring, and falls prevention and management.

Detailed Session Information:

- **Creating Partnerships in the Prevention of Abuse and Neglect**, This presentation will help providers identify potential areas for abuse/neglect and be proactive in problem solving, identifying, and preventing abuse and neglect. Representatives from the ODHS will discuss the most often reported abuse/neglect claims as well as the process for identifying when an incident is classified as an adverse event versus an abuse or neglect claim.
- **Tying Together Resident Centered Proactive Care Plans and Effective Risk Management**, Resident-directed and resident-centered care is at the center of what we do.

- In this session the presenters will discuss risk management and proactive service planning to ensure residents are receiving the care they need and deserve through proactive service planning. This includes communication and documentation strategies to mitigate the risk of abuse or neglect.
- **A Proactive Approach to Reducing Fall Risk**, This session will utilize a quality improvement approach to assist providers in setting up and implementing a falls prevention program. The presenter will address a wide variety of factors that contribute to falls and will discuss interventions and day-to-day operations changes that will help minimize fall risk across an entire organization.
