NF-22-047 – Provider Alert

Date: September 6, 2022

To: All Nursing Facility Care Providers

From: Nursing Facility Licensing Unit (NFLU)

Subject: **Announcement of RAI Training – “Understanding MDS Quality Measures – A Step towards Quality Improvement” – October 11, 2022**

Dear Nursing Facility Administrator,

Please share this training information with your QAA/QAPI team members and facility staff responsible for completing MDS assessments. This training opportunity is most relevant for the team members listed above.

Quality measures have had increasing impact on how CMS defines quality care in recent years and there are plans to expand the quality measures over time. Incorporating and fully understanding how quality measures track progress and help to support a data driven program is a step towards a comprehensive QAPI program.

Join me on Tuesday, October 11th, from 10 am to 11 am, where we will take a closer look at quality measures – what they mean, important Casper Reports to access and how to incorporate this data into your QAA/QAPI meetings.

This class will be offered virtually using the Zoom.gov platform and will be limited to 50 participants. To sign up for the virtual classroom experience, you will need to complete the [linked enrollment form](#) and email to:

Joy.M.RAMSBY@dhs.oh.state.or.us

The week of the training, you will receive an email with a link to the RAI class. Please direct questions regarding this alert to [Joy Ramsby](#), RAC-CT, RAI Coordinator @ 503-407-1488 or use the email address provided above.
