Subject: **Long-Term Care 2023 Respiratory Surge Toolkit**

APD's Population Health Quality Improvement Section and our Oregon Health Authority partners have provided a LTC Respiratory Surge Toolkit that details infection control policies and practices for COVID-19 and other respiratory pathogens impacting facilities across Oregon. The Interim Summary of Long-Term Care Facility Infection Control Policy document will be updated as needed to reflect changes in state and federal guidance-these changes will be logged in the document for reference. Additionally, visitor communication templates are available below for facilities to use or tailor to meet facility needs.
