

Consumer Statement Template

Residential Care Facility

The following template is available to customize for individual community use.

Avamere at Seaside

1. Summary of the care and services we provide.

Avamere at Seaside provides all state required services, including general assistance with activities of daily living, food service, which includes modified special diets as necessary, medication assistance, housekeeping services and social and recreational activities. We also coordinate transportation and the following additional medically related services:

2. Summary explanation of the types of care and services we do not provide.

Avamere at Seaside does not provide the following services on a routine basis: medically complex diets beyond the required modified specifics, mechanical lifts, dialysis, two-person transfers, stage 3 and above pressure ulcers, IV services, wound vacs, tube feeding, any complex medical care requiring 24hr nursing. Describe any health, nursing, behavior or care service you want a prospective resident to know the community is unable to provide (*e.g., medically complex diets beyond the required modified special diets, two-person transfers, specific dialysis services, etc.*)

3. If your needs exceed the care and services we provide, we may ask you to move out.

When your needs exceed the care and services we provide, we will meet with you to discuss the circumstances, attempting to determine the most appropriate care plan and setting to meet your care and service needs. If we cannot properly care for you at our community due to your increased needs, we may ask you to move to a more appropriate setting. If an agreement is not reached and attempts to resolve the issue are not successful, we may give you an involuntary move-out notice.

4. If you leave our community to receive acute medical, psychiatric, nursing facility or other care, we will conduct an evaluation before you can return to our community. Before you can return to our community, a qualified staff person will re-evaluate your condition and determine if our community can continue to meet your needs. If we determine we can no longer meet your needs, we will issue you an involuntary move out notice and you will not be permitted to return to our community. We will notify you of this determination as soon as possible and before you leave the acute care or other setting.

5. You have the right to ask for an administrative hearing if you disagree with our decision to issue you an involuntary move out notice. The requirements for requesting a hearing can be found on the Administrative Hearing Request form MSC 0443. You also may contact the Oregon Long Term Care Ombudsman for assistance in requesting a hearing. The phone number for that office is: 800-522-2602 or 503-378-6533.

The Oregon Department of Human Services (DHS) developed content in this template.

You may change the content for your use without DHS permission. DHS is not responsible for content changes or to provide content in alternate formats.

6. This is how we arrange for or coordinate hospice care:

[Avamere at Seaside] will work with hospice providers to coordinate hospice care if you or your representative request it.

Additional comments: At admission, based on the state issued accuity level tool (SB0714), residents will be evaluated in order to determine their care needs. If a resident's need is beyond the current accuity level that Avamere at Seaside is able to staff and accomidate, the resident will not be admitted.
