

1. Summary of the care and service we provide.

Celia's House in Holmes Park provides all state required services, including general assistance with activities of daily living, food service, which includes modified special diets as necessary, medication assistance, housekeeping services, and social and recreational activities. We also coordinate transportation and the following additional medically related services: Coordination of care with outside hospice providers.

2. Summary explanation of the types of care and services we do not provide.

Celia's House in Holmes Park does not provide the following services on a routine basis:

1. An unstable health problem or diagnosis that requires 24-hour attention/assessment/intervention from a daily Licensed Nurse. Examples may include IV, NG tube, ventilator, cardiac monitor or IM injections.
2. A resident's behavior is unpredictable or unstable, and interventions are not effective to redirect those behaviors. Examples may include: Wandering, unmanageable/unwanted sexual behaviors, psychotic episodes, aggressive, combative behavior, and drug or alcohol abuse.
3. The resident's orientation, memory and decision-making abilities become too impaired and put the resident and others are at risk for injury or self-neglect. Examples may include: wandering into other residents' room or at risk of elopement.
4. We cannot provide for a resident that requires more than a 2-person assist as determined by staff.
5. If we are unable to provide adequate intervention and meet health and safety needs of the resident or resident and/or family poses a threat to general peace of our facility.

* Note: This list of service limitations is not all-inclusive but does inform the potential resident of the facilities health/ medical/behavior intervention ability.

3. If your needs exceed the care and services we provide, we may ask you to move out.

When your needs exceed the care and services we provide, we will meet with you to discuss the circumstance, attempting to determine the most appropriate care plan and setting to meet your care and service needs. If we can not properly care for you at our community due to your increased needs, we may ask you to move to a more appropriate setting, if an agreement is not reached and attempts to resolve the issue are not successful, we may give you an involuntary move-out notice.

- a) The resident engages in behavior or actions that repeatedly and substantially interferes with the rights, health, or safety of residents or others;
- b) The resident exhibits behavior that poses a danger to self or others;
- c) The resident engages in illegal drug use, or commits a criminal act that causes potential harm to the resident or others; or
- d) Non-payment of charges owed to the facility.

4. If you leave our community to receive acute medical, psychiatric, nursing facility or other care, we will conduct an evaluation before you can return to our community.

Before you can return to our community, a qualified staff person will re-evaluate your condition and determine if our community can continue to meet your needs. If we determine we can no longer meet your needs, we will issue you an involuntary move out notice and you will not be permitted to return to our community. We will notify you of this determination as soon as possible and before you leave the acute care or other setting.

5. You have the right to ask for an administrative hearing if you disagree with our decision to issue you an involuntary move out notice.

The requirements for requesting a hearing can be found on the Administrative Hearing request for MSC 0443. You also may contact the Oregon Long Term Care Ombudsman for assistance in requesting a hearing. The phone number for that office is: 800-522-2602 or 503-378-6533.

6. This is how we arrange for or coordinate hospice care:

Residents are already under hospice care prior to admission and we coordinate care with the outside hospice providers
