

# 12 Weeks to a Safer Medication System: **Week One**

## **Take A Stand**

Support Medication Safety

**Medication administration training is critical to assure staff is prepared to administer medications appropriately.**

### **This weeks activity:**

- Review your training policy for:
  - ❖ New hires;
  - ❖ On-going training; and
  - ❖ Training efforts after an incident.
- Talk with staff about the importance of on-going training and review expectations.
- Post the DHS - OLRO website and encourage staff to use as a resource.
