

12 Weeks to a Safer Medication System: **Week Two**

Be a REAL HERO Medication
Errors Down to Zero

Using the Six Rights and Three Checks every time you administer medication will prevent errors!

This weeks activity:

- Review the Six Rights and Three Checks
 - ❖ Do you apply the Six Rights and Three Checks every time you administer medications?
- Discuss with your team ideas on how to encourage everyone to apply the Six Rights and Three Checks every time medications are administered.
 - ❖ Identify any barriers to using these tools and discuss potential solutions.

For more information on the Six Rights and Three Checks go to:
