|---|---|
| Agency Name | Trillium Family Services |
| Site or Program Name | Parry Center for Children: West 1-PRTS/SA |
| Reporting time frame (indicate which quarter in months and year). | January 2022 - March 2022 |
| | |
| Total number of incidents involving restraint. | 13 |
| Total number of incidents involving involuntary seclusion. | 0 |
| The total number of incidents involving restraint and seclusion that resulted in reportable injuries. | 6 |
| Total number of involuntary seclusions in a locked room. | 1 |
| Total number of rooms available for use for involuntary seclusion. | 0 |
| Description of the dimensions and design of the seclusion rooms. | n/a |
| Total number of children in care placed in restraint. | 6 |
| Total number of children in care placed in involuntary seclusion: | 0 |
| Total number of children in care who were placed in restraint or involuntary seclusion more than three times during the reporting period. | 3 |

Restraint and Involuntary Seclusion Report

| | |
|---|--|
| <p>A description of the steps the program has taken to decrease the use of restraint and involuntary seclusion.</p> | <ul style="list-style-type: none">• Increased the number of NCI refreshers and informal trainings, focused on verbal de-escalation, use of least restrictive intervention, recognizing problems before they start and skill practice• Utilize existing meeting structures (Campus Clinical Review, Rounds, weekly Team meetings, Behavioral Intervention Committee) with the clinical team and direct care staff to discuss individual clients in an effort to identify patterns and develop individualized plans• Utilized a wide variety of proactive interventions, tailored to the individual client based on their needs, including but not limited to: Increasing individualized staffing support, changing levels of care, psychiatrist review of medication, therapeutic rapport building, behavioral incentive planning, sensory integration• Address triggers in the environment – school, peer interactions, facility/structure based, evening transitions – and work with clients to build skills to manage them in the future• Involved family members, community teams, and natural supports to address patterns of escalation and build more support for the individual• Psychoeducation around trauma for clients and staff to support a trauma informed approach |
|---|--|

Restraint and Involuntary Seclusion Report

| | |
|---|---|
| | <ul style="list-style-type: none"> • Providing specific training and support for staff in working with youth with sexually aggressive behaviors and disrobing, to maintain client’s safety and dignity • Collaborated with individual clients regarding self-seclusion plans, when clinically indicated and client-driven, to reduce aggression and restraints, and provide the client an opportunity to self-sooth in a safe and non-stimulating environment until they regained control of their behavior |
| <p>Number of incidents in which an individual who placed a child in care in a restraint or involuntary seclusion was not certified or trained in the use of the type of restraint or involuntary seclusion used, including individuals whose certification or training was expired at the time of the restraint or seclusion.</p> | <p>0</p> |

Demographic characteristics of the children in care who the program placed in a restraint or involuntary seclusion, including race, ethnicity, gender, disability status, migrant status, English proficiency and status as economically disadvantaged, unless the demographic information would reveal personally identifiable information about an individual child in care. Indicate the number of children who experienced restraint or seclusion who match each of the criteria listed below:

| Race/Ethnicity: | Total Number of Children |
|----------------------------------|---------------------------------|
| American Indian or Alaska Native | 0 |
| Asian | 0 |
| Black or African American | 2 |
| Hispanic (any race) | 1 |
| Native Hawaiian | 0 |

Restraint and Involuntary Seclusion Report

| | |
|------------------------|---|
| Other Pacific Islander | 0 |
| White | 3 |
| Other | 1 |
| Unable to determine | 0 |

| Gender: | Total Number of Children |
|----------------|---------------------------------|
| Male | 0 |
| Female | 5 |
| Transgender | 0 |
| Non-binary | 1 |

| Disability Status: | Total Number of Children |
|---------------------------|---------------------------------|
| Disabled | 6 |
| Non-Disabled | 0 |

| Migrant Status: | Total Number of Children |
|------------------------|---------------------------------|
| Migrant | 0 |
| Non-Migrant | 6 |

| English Proficiency: | Total Number of Children |
|---------------------------------|---------------------------------|
| English is primary language | 6 |
| English is not primary language | 0 |

| Economic Status: | Total Number of Children |
|--------------------------------|---------------------------------|
| Economically Disadvantaged | 0 |
| Not Economically Disadvantaged | 6 |
