 - Process for imposing conditions on facility license.
- **Page 36:** **Civil Penalties** (411-054-0120)
 - Process for determining and issuing civil penalties.
- **Page 54:** **Quality Measurement Program** (411-054-0320)
 - Creation of program to measure quality metrics; includes governor appointing council to develop and oversee program.

- ***Amendments discussed by another RAC committee:***

A RAC was held on March 30th to discuss proposed amendments to the Dementia Training Program. We amended the rules in that RAC meeting, based on committee discussion. The following rule includes those amendments. If you participated on March 30th, please review to ensure this language accurately reflects our discussion.
