Re: Weekly ODDS Status Report, ODDS Community Forums Statewide Tour

The Office of Developmental Disability Services (ODDS) will be hosting a series of Community Forums around the state over the next couple of months. There will be three separate forums in each location—one for providers, one for Community Developmental Disability Programs (CDDP's) and Brokerages, and one for individuals and families who receive services. If you fall into one of these categories, we would like to invite you to attend one of these Forums to discuss our vision for the future of services for people with intellectual and developmental disabilities (I/DD). There will be a short presentation followed by a group discussion.
