Re: Weekly ODDS Status Report, Authorization of Behavioral Consultation FBA and BSP

Attached is this week's ODDS status report.

A few weeks ago ODDS received a solution focused recommendation to the way that behavioral consultants were being required to bill for OR570 Behavior Consultation, Assessment and Training for DD. I would like to say thank you to several of the Behavioral Consultants who proposed a workable solution to this concern. The transmittal this week, Authorization of Behavioral Consultation FBA and BSP, is a direct result of their proposal. It is nice to have this reminder that two groups can work together to collaboratively problem solve and create a solution that works well for everyone.
