OREGON

In early January, I sent out a [message](#) announcing the launch of our new website, [ImpactOregon.org](https://www.impactoregon.org). [Impact Oregon](#) is a job board website where ODDS providers and case management entities can post available jobs, for free. Providers and case management entities responded enthusiastically. We have well over 140 job postings already. If you are a provider or case management entity and haven't requested access, please do so.

This week, a statewide outreach campaign aimed to reaching job seekers throughout Oregon starts. You may start seeing ads on social media, online and a new radio announcement. The goal is to make sure Oregonians looking for career options know that [Impact Oregon](#) is a resource they can turn to in their job search.

We have also created an online brand toolkit for our partners:

The toolkit has flyers, logos and social media cards that you can use to help us spread the word about Impact Oregon. All the materials are available in 11 languages. We hope you share these resources widely and help us get the word out!

Thank you for your support as we continue efforts to support staffing capacity.

Sincerely,
