SENIORS AND PEOPLE WITH DISABILITIES DIVISION
OREGON ADMINISTRATIVE RULES**

**CHAPTER 411
DIVISION 308**

**LONG-TERM SUPPORT FOR CHILDREN WITH DEVELOPMENTAL
DISABILITIES**

EFFECTIVE AUGUST 1, 2011

411-308-0010 Statement of Purpose and Principles

(Adopted 12/28/2009)

(1) The rules in OAR chapter 411, division 308 prescribe standards, responsibilities, and procedures for providing long-term support for children with developmental disabilities to prevent out-of-home placement, or to return a child with developmental disabilities back to the family home from a residential setting other than the child's family home.

(2) Long-term supports are provided to children with developmental disabilities who are eligible for crisis diversion services. Long-term supports are designed to increase the family's ability to care for the child with developmental disabilities in the family home. Long-term supports resolve the crisis by providing supports to prevent the need for the child to be placed or remain in a residential setting other than the child's family home.

Long-term support funding must be reauthorized on an annual basis, prior to the beginning of a new Annual Support Plan.

(2) **DURATION OF SERVICES.** Once a child has entered long-term support, the child and family may continue receiving services from that CDDP through the last day of the month during which the child turns 18, as long as the supports continue to be necessary to prevent out-of-home placement, the child remains eligible for long-term support, and long-term support funds are available at the CDDP and authorized by the Department

to continue services. The child's Annual Support Plan must be developed each year and kept current.

(5) EXIT. A child must leave a CDDP's long-term support:

(a) When the child no longer resides in the family home;

(b) At the written request of the child's parent or guardian to end the long-term supports;

(c) When the long-term supports are no longer necessary to prevent out-of-home placement due to either;

(d) At the end of the last day of the month during which the child turns 18;

(f) No less than 30 days after the CDDP has served written notice, in the language used by the family, of intent to terminate services because:

(A) The child's family either cannot be located or has not responded to repeated attempts by CDDP staff to complete the child's Annual Support Plan development and monitoring activities and does not respond to the notice of intent to terminate; or

(B) The CDDP has sufficient evidence that the family has engaged in fraud or misrepresentation, failed to use resources as agreed upon in the child's Annual Support Plan, refused to cooperate with documenting expenses, or otherwise knowingly misused public funds associated with long-term support.

(Amended 8/1/2011)

(1) When conditions of purchase are met and provided purchases are not prohibited under OAR 411-308-0110, long-term support funds may be used to purchase a combination of the following supports based upon the needs of the child consistent with the child's Annual Support Plan and available funding:

- (a) Specialized consultation including behavior consultation and nursing delegation;
- (b) Environmental accessibility adaptations;
- (c) Family caregiver supports;
- (d) Family training;
- (e) In-home daily care;
- (f) Respite; and
- (g) Specialized equipment and supplies.

(2) **SPECIALIZED CONSULTATION – BEHAVIOR CONSULTATION.**

Behavior consultation is the purchase of individualized consultation provided only as needed in the family home to respond to a specific problem or behavior identified by the child's parent or guardian and the services coordinator. Behavior consultation services must be documented in a Behavior Support Plan prior to final payment for the services.

- (a) Behavior consultation shall only be authorized to support a primary caregiver in their caregiving role, not as a replacement for an educational service offered through the school.
- (b) Behavior consultation must include:

(A) Working with the family to identify:

(i) Areas of a child's family home life that are of most concern for the family and child;

(ii) The formal or informal responses the family or provider has used in those areas; and

(iii) The unique characteristics of the family that could influence the responses that would work with the child.

(B) ASSESSING THE CHILD. The behavior consultant utilized by the family must conduct an assessment and interact with the child in the family home and community setting in which the child spends most of their time. The assessment must include:

(i) Specific identification of the behaviors or areas of concern;

(ii) Identification of the settings or events likely to be associated with or to trigger the behavior;

(iii) Identification of early warning signs of the behavior;

(iv) Identification of the probable reasons that are causing the behavior and the needs of the child that are being met by the behavior, including the possibility that the behavior is:

(I) An effort to communicate;

(II) The result of a medical condition;

(III) The result of an environmental cause; or

(IV) The symptom of an emotional or psychiatric disorder.

(v) Evaluation and identification of the impact of disabilities (i.e. autism, blindness, deafness, etc.) that

impact the development of strategies and affect the child and the area of concern;

(vi) An assessment of current communication strategies; and

(vii) Identification of possible alternative or replacement behaviors.

(C) Developing a variety of positive strategies that assist the family and provider to help the child use acceptable, alternative actions to meet the child's needs in the most cost effective manner. These strategies may include changes in the physical and social environment, developing effective communication, and appropriate responses by a family and provider to the early warning signs.

(i) Positive, preventive interventions must be emphasized.

(ii) The least intrusive intervention possible must be used.

(iii) Abusive or demeaning interventions must never be used.

(iv) The strategies must be adapted to the specific disabilities of the child and the style or culture of the family.

(D) Developing emergency and crisis procedures to be used to keep the child, family, and provider safe. When interventions in the behavior of the child are necessary, positive, preventative, non-aversive interventions that conform to OIS must be utilized. The Department does not pay a provider to use physical restraints on a child receiving long-term support.

(E) Developing a written Behavior Support Plan consistent with OIS that includes the following:

(i) Use of clear, concrete language and in a manner that is understandable to the family and provider; and

(ii) Describes the assessment, recommendations, strategies, and procedures to be used.

(F) Teaching the provider and family the recommended strategies and procedures to be used in the child's natural environment.

(G) Monitoring, assessing, and revising the Behavior Support Plan as needed based on the effectiveness of implemented strategies. If protective physical intervention techniques are included in the Behavior Support Plan for use by the family, monthly practice of the technique must be observed by an OIS approved trainer.

(c) Behavior consultation does not include:

(A) Mental health therapy or counseling;

(B) Health or mental health plan coverage; or

(C) Educational services including but not limited to consultation and training for classroom staff, adaptations to meet the needs of the child at school, assessment in the school setting for the purposes of an Individualized Education Program, or any service identified by the school as required to carry out the child's Individualized Education Program.

(3) SPECIALIZED CONSULTATION – NURSING DELEGATION.

(a) Nursing delegation is the purchase of individualized consultation from a nurse in order to delegate tasks of nursing services in select situations. Tasks of nursing care are those procedures that require nursing education and licensure of a nurse to perform as described in OAR chapter 851, division 047.

(b) The Department requires nursing delegation for unlicensed providers paid with long-term support funds when a child requires tasks of nursing care.

(4) ENVIRONMENTAL ACCESSIBILITY ADAPTATIONS.

(a) Environmental accessibility adaptations include:

(c) Funding for environmental accessibility adaptations is one time funding that is not continued in subsequent plan years. Funding for each environmental accessibility adaptation must be specifically approved through a regional process to ensure the specific adaptation is necessary to prevent out-of-home placement or to return the child to the family home, and to ensure that the proposed adaptation is cost effective. Environmental accessibility adaptations may only be included in a child's Annual Support Plan when all other

public and private resources for the environmental accessibility adaptation have been exhausted.

(d) The CDDP must ensure that projects for environmental accessibility adaptations involving building renovation or new construction in or around a child's home costing \$5,000 or more per single instance or cumulatively over several modifications:

(A) Are approved by the Department before work begins and before final payment is made;

(B) Are completed or supervised by a contractor licensed and bonded in the State of Oregon; and

(C) That steps are taken as prescribed by the Department for protection of the Department's interest through liens or other legally available means.

(e) The CDDP must obtain written authorization from the owner of a rental structure before any environmental accessibility adaptations are made to that structure. This does not preclude any reasonable accommodation required under the Americans with Disabilities Act.

(5) FAMILY CAREGIVER SUPPORTS. Family caregiver services assist families with unusual responsibilities of planning and managing provider services for their children.

(a) Family caregiver supports include:

(A) Child and family-centered planning facilitation and follow-up;

(B) Fiscal intermediary services to pay vendors and to carry out payroll and reporting functions when providers are domestic employees of the family; and

ensure the family training event is necessary to prevent out-of-home placement or to return the child to the family home, and to ensure the family training event is cost effective. Family training may only be included in a child's Annual Support Plan when all other public and private resources for the event have been exhausted.

(7) IN-HOME DAILY CARE. In-home daily care services include the purchase of direct provider support provided to the child in the family home or community by qualified individual providers and agencies.
