

**DEPARTMENT OF HUMAN SERVICES
DEVELOPMENTAL DISABILITIES
OREGON ADMINISTRATIVE RULES**

**CHAPTER 411
DIVISION 328**

**SUPPORTED LIVING PROGRAMS FOR ADULTS WITH INTELLECTUAL
OR DEVELOPMENTAL DISABILITIES**

EFFECTIVE FEBRUARY 28, 2017

411-328-0550 Statement of Purpose

(Amended 06/29/2016)

(1) The rules in OAR chapter 411, division 328 prescribe standards for providers that support individuals with intellectual or developmental disabilities in a supported living setting and the procedures for the certification and endorsement of supported living settings under the rules in OAR chapter 411, division 323.

(2) These rules incorporate the provisions for home and community-based services and settings and person-centered service planning set forth in OAR chapter 411, division 004. These rules and the rules in OAR chapter 411, division 004 ensure individuals with intellectual or developmental disabilities receive services in settings that are integrated in and support the same degree of access to the greater community as people not receiving home and community-based services.

(3) Supported living provides the opportunity for an individual to live in the residence of his or her choice within the community with recognition that the needs and preferences of the individual may change over time. The levels of support for the individual are based upon individual needs and preferences as identified in a functional needs assessment and defined in an Individual Support Plan. Such services may include up to 24 hours per day of paid supports that are provided in a manner that protects the dignity of the individual.

(4) These rules ensure that providers meet basic management, programmatic, health and safety, and human rights regulations for

individuals receiving services funded by the Department in supported living settings. The provider is responsible for developing and implementing policies and procedures that ensure that the requirements of these rules are met and ensuring services comply with all applicable local, state, and federal laws and regulations.

OAR 411-317-0000 includes general definitions for words and terms frequently used in OAR chapter 411, division 328. In addition to the definitions in OAR 411-317-0000, the following definitions apply specifically to the rules in OAR chapter 411, division 328. If the same word or term is defined differently in OAR 411-317-0000, the definition in this rule applies.

(1) "Board of Directors" means the group of people formed by a provider agency to set policy and give directions to a provider delivering supports to individuals in a community-based service setting. A board of directors may include local advisory boards used by multi-state organizations.

Supported living is not grounded in the concept of "readiness" or in a "continuum of services model", but rather provides the opportunity for individuals to live where they want, with whom they want, for as long as they desire, with a recognition that needs and desires may change over time.
