(1) INACTIVE REFERRAL STATUS. The Department may require that a foster provider go on inactive referral status. Inactive referral status is a

period, not to exceed 24 months or beyond the duration of the foster provider's current certificate, when during that time an agency may not refer additional children to the home and the provider may not accept additional children. The foster provider may request to be placed on inactive referral status. The certifying agency may recommend that the Department initiate inactive referral status.

(a) The Department may place a foster provider on inactive referral status for reasons, including but not limited to the following:

(B) The special needs of the child currently in the home require so much of the foster provider's care and attention that additional children may not be placed in the home;

(C) The foster provider has failed to meet individualized training requirements or the Department has asked the foster provider to obtain additional training to enhance his or her skill in caring for the child placed in the home; or

(D) The family or members of the household are experiencing significant family or life stress or changes in physical or mental health conditions that may be impairing their ability to provide care, including but not limited to:

(i) Separation or divorce and relationship conflicts;

(ii) Marriage;

(iii) Death;

(iv) Birth of a child;

(v) Adoption;

(vi) Employment difficulties;

(vii) Relocation;

(viii) Law violation; or

(ix) Significant changes in the care needs of the foster provider's own family members (children or adults).

(b) The Department shall notify the foster provider immediately upon placing them on inactive referral.

(c) Within 30 days of initiating inactive referral status, the Department shall send a letter to the foster provider that confirms the inactive status, states the reason for the status, and the length of inactive referral status.

(d) When the foster provider initiates inactive referral status, the inactive status ends at the request of the foster provider and when the Department has determined the conditions that warranted the inactive referral status have been resolved.

(A) There must be no conditions in the home that compromise the safety of the child already placed in the home.

(B) If applicable, a mutually agreed upon plan must be developed to address the issues prior to resuming active status.

(C) The foster provider must be in compliance with all certification rules, including training requirements, prior to a return to active status.

(2) DENIAL, SUSPENSION, REVOCATION, REFUSAL TO RENEW.

(a) The Department shall deny, suspend, revoke, or refuse to renew a child foster care certificate where it finds there has been substantial failure to comply with these rules.

(b) Failure to disclose requested information on the application or providing falsified, incomplete, or incorrect information on the application shall constitute grounds for denial or revocation of the certificate.

(c) The Department shall deny, suspend, revoke, or refuse to renew a certificate if the foster provider fails to submit a plan of correction, implement a plan of correction, or comply with a final order of the Department.

(d) Failure to comply with OAR 411-346-0200(5) may constitute grounds for denial, revocation, or refusal to renew.

(e) The Department may deny, suspend, revoke, or refuse to renew the child foster home certificate where imminent danger to health or safety of a child exists, including any founded report or substantiated abuse.

(f) The Department shall deny, suspend, revoke, or refuse to renew a certificate if the foster provider has been convicted of any crime that would have resulted in an unacceptable background check as defined in OAR 407-007-0210 upon certification.

(g) Suspension shall result in the removal of a child placed in the foster home and no placements shall be made during the period of suspension.

(h) The applicant or foster provider whose certificate has been denied or revoked may not reapply for certification for five years after the date of denial or revocation.

(i) The Department shall provide the applicant or the foster provider a written notice of denial, suspension, or revocation that states the reason for such action.

(j) Such revocation, suspension, or denial shall be done in accordance with the rules of the Department and ORS chapter 183 that govern contested cases.
