DEVELOPMENTAL DISABILITIES  
OREGON ADMINISTRATIVE RULES**

**CHAPTER 411  
DIVISION 355**

**MEDICALLY INVOLVED CHILDREN'S PROGRAM**

**EFFECTIVE DECEMBER 28, 2013**

**411-355-0000 Statement of Purpose**

*(Amended 12/28/2013)*

(1) The rules in OAR chapter 411, division 355 establish the policy of, and prescribe the standards and procedures for, the provision of services for children enrolled in the Medically Involved Children's Program.

(2) MICP services are exclusively intended to enable a child who meets the nursing facility level of care to return to the family home, or remain at the family home, with specialized supports and services. MICP services specifically preserve a parent's capacity to care for their child, assure the health and safety of the child within the family home, and enable a child who has been separated from their family due to their health and medical care needs to return to the family home to prevent out of home placement. MICP services complement and supplement the services that are available through the State Medicaid Plan and other federal, state, and local programs as well as the natural supports that families and communities provide.

### **411-355-0100 Complaints and Grievances**

*(Amended 12/28/2013)*

(1) COMPLAINTS AND GRIEVANCES. The Department shall address all grievances in accordance with Department written policies, procedures,

and rules. Copies of the procedures for resolving grievances shall be maintained on file at the Department. These policies and procedures, at a minimum, shall address:

(a) The parent of a child has an opportunity to informally discuss and resolve any complaint or grievance regarding action taken by the Department that is contrary to law, rule, or policy and that does not meet the criteria for an abuse investigation. Choosing an informal resolution does not preclude the parent to pursue resolution through formal grievance processes.

(b) The Department shall maintain a log of all complaints regarding the provision of MICP services received via phone calls, e-mails, or writing.

(A) At a minimum, the complaint log shall include:

- (i) The date the complaint was received;
- (ii) The name of the individual taking the complaint;
- (iii) The nature of the complaint;
- (iv) The name of the individual making the complaint, if known; and
- (v) The disposition of the complaint.

(B) Child welfare and law enforcement reports of abuse or neglect shall be maintained separately from the central complaint and grievance log.

(c) Department staff response to the complaint must be provided within five working days following receipt of the complaint and must include:

(A) An investigation of the facts supporting or disproving the complaint; and

(B) Agreement to resolve the complaint. Any agreement to resolve the complaint must be reduced to writing and must be specifically approved by the grievant. The grievant must be provided with a copy of the agreement.

(d) If the complaint involves Department staff or services, or if the complaint is not or cannot be resolved with Department staff, a review by the Department manager must be completed. Department manager response to the complaint must be made in writing, within 30 days following receipt of the complaint, and must include a response to the complaint as described in section (1)(c) of this rule.

(e) Unless the grievant is a Medicaid recipient who has elected to initiate the hearing process according to OAR 411-355-0110, a complaint involving the provision of service or a service provider may be submitted to the Department for an administrative review.

(A) The grievant must submit to the Department a request for an administrative review within 15 days from the date of the decision by the Department manager.

(B) Upon receipt of a request for an administrative review, the Department's director shall appoint an Administrative Review Committee and name the chairperson. The Administrative Review Committee shall be comprised of two representatives of the Department. Committee representatives must not have any direct involvement in the provision of services to the grievant or have a conflict of interest in the specific case being grieved.

(C) The Administrative Review Committee must review the complaint and the decision by the Department manager and make a recommendation to the Department's director within 45 days of receipt of the complaint unless the grievant and the Administrative Review Committee mutually agree to an extension.

(D) The Department's director shall consider the report and recommendations of the Administrative Review Committee and make a final decision. The decision must be in writing and issued within 10 days of receipt of the recommendation by the

Administrative Review Committee. The written decision must contain the rationale for the decision.

(E) The decision of the Department's director is final. Any further review is pursuant to the provision of ORS 183.484 for judicial review.

(f) Documentation of each complaint and its resolution must be filed or noted in the grievant's record.

(2) NOTIFICATION. Upon enrollment and annually thereafter, the Department must inform each child's parent orally and in writing, using language, format, and methods of communication appropriate to the parent's needs and abilities, of the following:

(a) Department grievance policy and procedures, including the right to an administrative review, and the method to obtain an administrative review; and

(b) The right of a Medicaid recipient to a hearing pursuant to OAR 411-355-0110 and the procedure to request a hearing.

**411-355-0110 Denial, Termination, Suspension, Reduction, or Eligibility for MICP Services for Individual Medicaid Recipients**  
(Amended 12/28/2013)

(1) MEDICAID FAIR HEARING RIGHTS. Each time the Department takes an action to deny, terminate, suspend, or reduce a child's access to services covered under Medicaid, the Department shall notify the child's parent of the right to a hearing and the method to request a hearing. The Department shall mail the notice by certified mail, or personally serve it to the child's parent 10 days or more prior to the effective date of an action.

(a) The Department shall use, Notice of Hearing Rights, or a comparable Department-approved form for such notification. This notification requirement does not apply if an action is part of, or fully consistent with, the ISP, or the child's parent has agreed with the

action by signature to the ISP. The notice shall be given directly to the parent when the ISP is signed.

(b) The parent may appeal a denial of a request for additional or different services only if the request has been made in writing and submitted to the address on the notice to expedite the process.

(c) A notice required by section (1) of this rule must include:

(A) The action the Department intends to take;

(B) The reasons for the intended action;

(C) The specific Oregon Administrative Rules that supports, or the change in federal or state law that requires, the action;

(D) The appealing party's right to request a hearing in accordance with OAR chapter 137, Oregon Attorney General's Model Rules, ORS chapter 183, and 42 CFR Part 431, Subpart E;

(E) A statement that the Department files on the subject of the hearing automatically becoming part of the hearing record upon default for the purpose of making a prima facie case;

(F) A statement that the actions specified in the notice shall take effect by default if the Department representative does not receive a request for hearing from the party within 45 days from the date that the Department mails the notice of action;

(G) In cases of an action based upon a change in law, the circumstances under which a hearing shall be granted; and

(H) An explanation of the circumstances under which MICP services shall be continued if a hearing is requested.

(d) If the parent disagrees with the decision or proposed action of the Department to deny, terminate, suspend, or reduce a child's access to services covered under Medicaid, the parent may request a hearing as provided in ORS chapter 183. The request for a hearing

must be in writing on Form DHS 443 and signed by the parent. The signed form (DHS 443) must be received by the Department within 45 days from the date of the Department's notice of denial.

(e) The parent may request an expedited hearing if the parent feels that there is immediate, serious threat to the child's life or health should the normal timing of the hearing process be followed.

(f) If the parent requests a hearing before the effective date of the proposed actions and requests that the existing services be continued, the Department shall continue the services.

(A) The Department must continue the services until whichever of the following occurs first:

(i) The current authorization expires;

(ii) The administrative law judge issues a proposed order and the Department issues a final order; or

(iii) The child is no longer eligible for Medicaid benefits.

(B) The Department must notify the child's parent that the Department is continuing the service. The notice must inform the parent that, if the hearing is resolved against the child, the Department may recover the cost of any services continued after the effective date of the continuation notice.

(g) The Department may reinstate services if:

(A) The Department takes an action without providing the required notice and the parent requests a hearing;

(B) The Department fails to provide the notice in the time required in this rule and the parent requests a hearing within 10 days of the mailing of the notice of action; or

(C) The post office returns mail directed to the parent, but the location of the parent becomes known during the time that the child is still eligible for services.

(h) The Department must promptly correct the action taken up to the limit of the original authorization, retroactive to the date the action was taken, if the hearing decision is favorable to the child, or the Department decides in the child's favor before the hearing.

(i) The Department representative and the parent may have an informal conference, without the presence of the administrative law judge, to discuss any of the matters listed in OAR 137-003-0575. The informal conference may also be used to:

(A) Provide an opportunity for the Department and the parent to settle the matter;

(B) Ensure the child's parent understands the reason for the action that is the subject of the hearing request;

(C) Give the parent an opportunity to review the information that is the basis for that action;

(D) Inform the parent of the rules that serve as the basis for the contested action;

(E) Give the parent and the Department the chance to correct any misunderstanding of the facts;

(F) Determine if the parent wishes to have any witness subpoenas issued; and

(G) Give the Department an opportunity to review its action.

(j) The child's parent may, at any time prior to the hearing date, request an additional conference with the Department representative. At the Department representative's discretion, the Department representative may grant an additional conference if it facilitates the hearing process.

(k) The Department may provide the parent the relief sought at any time before the final order is issued.

(l) A parent may withdraw a hearing request at any time prior to the issuance of a final order. The withdrawal shall be effective on the date the Department or the Office of Administrative Hearings receives it. The Department must issue a final order confirming the withdrawal to the last known address of the child's parent. The child's parent may cancel the withdrawal up to 10 working days following the date the final order is issued.

## (2) PROPOSED AND FINAL ORDERS.

(a) In a contested case, the administrative law judge must serve a proposed order on the child and the Department.

(b) If the administrative law judge issues a proposed order that is adverse to the child, the child's parent may file exceptions to the proposed order to be considered by the Department. The exceptions must be in writing and must be received by the Department no later than 10 days after service of the proposed order. The child's parent may not submit additional evidence after this period unless the Department grants prior approval.

(c) After receiving the exceptions, if any, the Department may adopt the proposed order as the final order or may prepare a new order. Prior to issuing the final order, the Department may issue an amended proposed order.

(3) The performing or billing provider must submit relevant documentation to the Department within five working days at the request of the Department when a hearing has been requested.
