July 9, 2019

Hello,

This message is a reminder regarding the statewide launch of Electronic Visit Verification (EVV) on July 16, 2019.

ODDS is implementing Electronic Visit Verification (EVV) as required in the Cures Act, a federal law that passed in 2016.

It requires states to verify the delivery of Medicaid-funded Attendant or Personal Care services in real time (at the time the service is occurring) from providers.

EVV is currently only required for Personal Support Workers (PSWs) who provide the following Attendant or Personal Care services:

- OR526 – Attendant Care
- OR526/ZE – Attendant Care 2:1 staff
- OR507 – Daily Relief Care
- OR502 – State Plan Personal Care

EVV works on smart phones and tablets that can access the eXPRS website. eXPRS has been changed to recognize when its being used on phones and tablets. Using eXPRS on a smartphone or tablet is called the eXPRS Mobile-EVV.

Personal Support Workers, who work for the Employer of Record and the State of Oregon, are required to start their shift and end their shift using the eXPRS Mobile-EVV. EVV will not track the location of the PSW or the person receiving services during the shift.

Knowing it will take several months for PSWS to adjust to using EVV, ODDS will not start taking action against PSWs who are not using EVV until April 1, 2020.

By fall 2019, eXPRS will be updated to include the options for EVV exceptions, including selecting and identifying reasons why a PSW may

*“Assisting People to Become Independent, Healthy and Safe”*

need an exception. Until then PSWs should explore what options they have to use eXPRS Mobile-EVV. Information regarding EVV exceptions is available on this fact sheet: <https://www.oregon.gov/DHS/SENIORS-DISABILITIES/DD/PROVIDERS-PARTNERS/EVV%20Docs/EVV-Exceptions-Fact-Sheet-Final-English.pdf>

Frequently Asked Questions documents, information from orientations, and all the previous communications regarding EVV are available online at: <https://www.oregon.gov/DHS/SENIORS-DISABILITIES/DD/PROVIDERS-PARTNERS/Pages/evv.aspx>
