Action required: Community Developmental Disability Program (CDDP) offices must resolve eXPRS eligibility draft intake lines that are not actively in the eligibility determination process by August 31, 2021. ODDS will provide an eXPRS eligibility draft intake list to each CDDP of all eligibility lines in draft status. The CDDP must review and take appropriate action as indicated below:

- 1) For duplicate intake eligibility lines, submit a DDEE (0337) in eXPRS requesting the eXPRS Technical Assistance Unit (TAU) delete the duplicate line.
- 2) For draft intake eligibility lines that have not had a determination and are not actively in the determination process, follow Oregon Administrative Rule (OAR) 411-320-0080(2) and (11)
- 3) For draft intake eligibility lines actively in the determination process that are over 90 days, prioritization should be made to determine eligibility timeline according to OAR 411-320-0080(11)(c).
- 4) For all draft intake eligibility lines, the CDDP must document the status and action taken on the list provided by ODDS and return to ODDS at odds.de@dhsosha.state.or.us by September 10th, 2021.

Reason for action: eXPRS eligibility intake data is relied upon for a variety of eligibility data, service and training needs. Accuracy and quality assurance expectations outlined in this transmittal will improve eXPRS eligibility data and inform targeted eligibility related administrative outcomes.

CDDP's must assure eXPRS eligibility data is accurate and current.

This transmittal will be discussed during the next Monthly Transmittal Review. These meetings are held the second Wednesday of every month at 2 pm using the TEAMS platform. The link to participate is here:
