Overview

Implementation of Oregon’s Department of Human Services (DHS) Employment First policy requires employment services for individuals with intellectual and developmental disabilities (I/DD) be provided by agencies or individual providers who are licensed, certified, credentialed or otherwise qualified in accordance with rule.

As a step toward meeting this requirement, DHS adopted Core Competencies and Training Standards for Supported Employment Professionals, which are available online. This Worker Guide is intended to be the primary source of information regarding the training and credentialing requirements for Employment Professionals, as defined in OAR 411-345, and supersedes any prior published training information contrary to current requirements.

Description:

The Office of Developmental Disabilities Services (ODDS) has outlined in rule the requirements to obtain and maintain the provider licensing, certifications, and endorsements. These requirements include initial training, demonstration of core competencies, annual continuing education, and required credentialing for certain specialties.

The training requirements are outlined in OAR 411-345 and are as follows:

- Employment Professionals, employed by an Agency Provider, are required to complete a minimum of one Department-Approved competency-based Supported Employment training within 90 days of providing employment services.
- Employment Professionals, employed by an Agency Provider, must demonstrate the Core Competencies and Training Standards within one year of providing employment services (if all 12 modules are completed within 90 days, this requirement may be used to satisfy the initial training requirement, as well as apply toward 8 hours of the first-year training).
- All Employment Professionals must complete 12 hours of Department-Approved Supported Employment training annually.
- Agency Providers must have one individual in a supervisory capacity (someone who oversees the delivery of employment services) who holds a Department-Approved credential.
- As of 1/1/2019 all Independent Providers, including Independent Contractors and PSW-Job Coaches, must complete the 12 Core Competency modules PRIOR to enrollment.
- Independent Contractor Employment Professionals must hold a Department Approved Credential and a current Vocational Rehabilitation services contract for Job Placement.
- Employment Professionals who deliver Discovery must be qualified to deliver the service
Discovery in accordance with APD-PT-14-029. All Employment Professionals that provide Discovery services must complete a Department approved Discovery training PRIOR to delivery of services.

Department-Approved credentials include Certified Employment Support Professional (CESP), Association of Community Rehabilitation Educators (ACRE), DHS Oregon Employment Learning Network (OELN), or a certificate from a program in Supported Employment from an accredited institution of higher education, such as a university or community college.

For ease of reference, ODDS maintains a list of courses offered by nationally recognized authorities in the field of supported employment and has published the list online for reference. Information regarding competency-based training courses that will satisfy initial and ongoing training requirements is available on the Employment Service Provider Resources page.

**Form(s) that apply:**

Agencies providers and employed Employment Professionals are required to maintain the Core Competency Checklist in the personnel file. This document allows for ease of furnishing documentation to ODDS Licensing upon periodic reviews.

**Frequently Asked Questions:**

An Employment Training, Core Competencies, and Credentialing FAQ document is available on the Employment Service Providers Resources page of Oregon.gov.
