

Topic:	Enhanced/Exceptional Supports Status and Rates
Date Issued/Updated:	2/22/2022 (Version 4)

Overview

Description: When an individual is assessed to have certain extraordinary support needs, and a Personal Support Worker (PSW) is selected to deliver supports, the PSW may be eligible for a higher pay rate. This guide describes the procedures for determining and authorizing Enhanced/Exceptional rates for PSWs.

Purpose/Rationale: To assist Service Coordinators (SC) and Personal Agents (PA) in determining when PSWs can be paid an Enhanced or Exceptional rate.

Applicability: Service Coordinators and Personal Agents.

Procedures that apply:

Assessment of Enhanced or Exceptional Needs

Enhanced needs are determined by the Oregon Needs Assessment (ONA) completed by an assessor. People meet "Enhanced" criteria when they are assigned to service group 5 - Very High and meet the medical and/or behavior support score indicated in the ONA Comprehensive Review page.

An individual's current Oregon Needs Assessment (ONA) determines whether an individual meets Enhanced criteria.

Exceptional needs are determined by meeting the Enhanced criteria **and** meeting service hour requirements, as well as additional medical and/or behavioral criteria. An individual meets Exceptional status if they meet Enhanced criteria **and** are require more than 20 hours of awake attendant care in a 24-hour period due to medical and/or behavioral needs.

Individuals may request reassessment at any time. When an individual's needs have changed the request for reassessment **must** come from the individual served or their representative, not from a Personal Support Worker (PSW).

CME Activities for Determining Enhanced/Exceptional Criteria

For a PSW to be authorized as an Enhanced or Exceptional worker, the PSW must complete specific training **and** the individual they work with must also meet

Enhanced or Exceptional criteria.

The individual's status of Enhanced will be shown in eXPRS on the ONA Comprehensive Review page:

Exceptional Criteria

An individual will only be able to hire a PSW at the Exceptional wage if the individual is identified as Enhanced **and** they need more than 20 awake attendant care hours in a 24-hour period due to medical and/or behavioral needs. This means, at a minimum:

1. More than 20 attendant care hours in a 24-hour of period requiring a provider within hearing or visual distance; AND,

2. The individual exhibits behaviors causing imminent risk of harm to self or others during both daytime and nighttime; OR
3. The individual has complex medical needs requiring immediate intervention that cannot be met with intermittent monitoring.

The CME must review existing documentation to ensure that the minimum criteria outlined in the above are met. If the criteria are met, the CME must manually adjust the PSW's rate and add a note in the individual's plan line that states "individual meets the exceptional criteria". This note will need to be added to the plan line for all individuals who meet the Exceptional criteria even if the individual has an existing Exceptional status.

Notification

The Service Agreement does not need to indicate Enhanced or Exceptional certification status. A PSW and Employer of Record (EOR) must be notified if the the individual they work with meets the eligibility criteria for hiring a PSW at an Enhanced rate. If the the individual meets the eligibility criteria for hiring a PSW at an Enhanced rate **and** the Exceptional criteria explained above, the PSW and the EOR must be notified that the PSW may be eligible for the Exceptional rate. The PSW and EOR must be provided with this notification within 28 days of the ONA indicating eligibility for Enhanced rate and if applicable, the Exceptional

criteria. The notification should be provided to the PSW and EOR with an ODDS approved notification letter.

If a new ONA and CME review determines an individual no longer meets Enhanced or Exceptional criteria, the PSW will continue to receive the applicable rate for 14 days following the determination. A PSW and EOR must be notified if an individual no longer meets Enhanced or Exceptional criteria as soon as practical following the ONA determination and CME review using an ODDS approved letter. If the determination is successfully appealed, the PSW will receive back pay for all hours worked at the applicable rate. Only the individual can appeal an Enhanced or Exceptional determination. Service agreements may need to be updated to correct PSW rates.

Training and Certification

A PSW must complete the required Enhanced or Exceptional training available through the Oregon Home Care Commission (OHCC) [website](#), if they have not already done so, in order to be eligible to receive the higher rate while working with an individual who meets Enhanced or Exceptional criteria. Proof of certification must be kept on file at the authorizing CME. Certifications can be confirmed using the [OHCC Registry](#) or by making a copy of the certification given to the PSW upon completion of the training program. It is the PSW's responsibility to inform the CDDP/Brokerage that they have completed the required training. PSW training completion can also be viewed in eXPRS. PSW's who have completed the Enhanced training will have an approved provider type/specialty of 89-806 and PSW's who have completed the Exceptional training will have an approved provider type/specialty of 89-807.

Authorizing the Correct Rate in The Plan of Care (POC)

If a PSW has completed the required Enhanced/Exceptional training and the individual meets Enhanced or Exceptional criteria, the PSW can be paid at the Enhanced/Exceptional rate. Rates for Enhanced/Exceptional services rendered by a PSW can be found in the [Expenditure Guidelines](#).

Once the individual has been determined eligible and the PSW has completed the required training, the PSW's rate should be adjusted to the appropriate rate.

The effective date is the start of the month after both criteria have been met. If it is determined that an individual is no longer eligible, the PSW's rate will be adjusted to the appropriate rate 14 days after the assessment.

Example: Maria has been assessed as meeting the criteria for an Enhanced rate and her PSW, Sonya, has completed the training to receive the Enhanced rate as her PSW. Sonya informs the local office on 12/5/2020 that he has been certified, and the CDDP/Brokerage acquires the certificate dated 12/1/2020. Since Maria has been assessed as having met the Enhanced criteria the CME would edit the plan line to increase to the Enhanced rate as 1/1/2021.

POC authorizations for the higher Enhanced or Exceptional rate should **only** cover the period in which an individual has a valid assessment indicating a need for Enhanced services, and if applicable the criteria for exceptional services **and** falls within the credential period of the worker's certification as an Enhanced/Exceptional worker. Credentials are good for two years.

Example: PSW Tim has an Exceptional certification that ends on 9/30/2020 but the plan for Larry runs from 12/1/2019 – 11/30/2020. PSW Tim's POC authorization for the Exceptional rate **must** end on 9/30/2020. It may be reauthorized once proof of renewed certification is obtained by the CME.

Example: Alonzo is assessed as having Exceptional needs on 4/1/2020. A new assessment is completed on 10/31/2020 and he no longer meets the criteria for Exceptional needs. The POC Exceptional rate authorization for his PSW cannot begin earlier than 4/1 and must end 14 days after the assessment was completed, on 11/14/20.

Q. What if an individual is assessed as Exceptional but the PSW is only authorized as Enhanced? Would the PSW still receive the Enhanced rate? What if the individual is assessed as Enhanced but the PSW has an Exceptional certification?

A. Please refer to the table below:

	Regular PSW	Enhanced PSW	Exceptional PSW
Not Enhanced or Exceptional Individual	Regular Rate	Regular Rate	Regular Rate
Enhanced Individual	Regular Rate	Enhanced Rate	Enhanced Rate
Exceptional Individual	Regular Rate	Enhanced Rate	Exceptional Rate

Q. What happens if a person is reassessed as no longer needing Enhanced or Exceptional Needs?

A. If a person is assessed as no longer meeting the criteria for Enhanced or Exceptional the rate must continue for 14 days after the assessment is completed. After 14 days the rate is adjusted to match the new assessment. Refer to the table above to set the new rate.

Q. How do I access the OHCC Provider Registry?

A. You must request permissions from OHCC at 1-877-867-0077, option 1.

Q. How are Enhanced or Exceptional Needs assessed for individuals in the Children's Intensive In-Home Services (CIIS) program?

A. Personal Support Workers for individuals in the CIIS program are paid using a higher rate which assumes a higher level of need. The Meets Enhanced will result from the ONA but cannot be used to set a rate. To assist in transition to adult services, CIIS case managers will share the the individual's Enhanced or Exceptional status with Personal Support Workers who serve children who will be transitioning to adult services within the next year. This will assist them in meeting any requirements to qualify as an Enhanced or Exceptional provider.

Q. Do the Enhanced and Exceptional Rates apply to PSWs serving children/youth in CIIS?

A. No, the Enhanced and Exceptional Rates do not apply to PSWs serving children/youth in the CIIS program at this time. When children/youth age out of CIIS there is a transition process for their rate. See [CIIS PSW Transition Rates Worker Guide](#) for more information.

Definition(s):

"Enhanced Personal Support Worker" means a personal support worker who is certified by the Home Care Commission to provide services for individuals who require advanced medical or behavioral driven services and supports as defined and assessed through a functional needs assessment tool.

"Exceptional Personal Support Worker" means a personal support worker who is certified by the Home Care Commission to provide services for individuals who require extensive medical or behavioral driven services and supports as assessed by a functional needs assessment tool and whose service needs also require staff to be awake more than 20 hours in a 24-hour period.
