Discussion/interpretation: Beginning 06/24/2021, Case Management Entities (CME) will no longer be required to approve each OR310 expenditure in eXPRS. Once the Service Prior Authorization (SPA) has been authorized by the CME, the Behavior Professional will be able to bill against the total authorized limit and the payment will no longer pend.

Behavior Professionals will continue to need to maintain a record of the services provided as maintenance of the Positive Behavior Support Plan (PBSP). Invoices for maintenance of the PBSP must be sent to the CME when the Behavior Professional enters the Service Delivered (SD) billing entries into eXPRS.
Any request for exceptional funding for additional OR310 must be accompanied by the record of services provided to maintain the PBSP. The documentation submitted with the request for additional maintenance of the PBSP must identify all OR310 hours have been expended on services are in alignment with OAR 411-304 and the Expenditure Guidelines.

CME Quality Assurance Reviews will include an evaluation of the invoices received to ensure that the services are in alignment with OAR 411-304 and the Expenditure Guidelines.
