Message:

The Office of Developmental Disabilities Services has compiled a list of rates for most services impacted by the adoption of new rate models. The rates are effective July 1, 2022. These rates will auto-populate Plan of Care lines for impacted services starting July 1st and going forward. Case Management Entities will not have to make updates to rates based on these changes.

There are rates shown for categories of services that will be new July 1st. The expenditure guidelines will be updated with descriptions of these categories and all rates with a July 1st effective date.

The rates and authorizations for Assisted Living Facilities (ALF) and Residential Care Facilities (RCF) delivering 24-hour residential services (SE50) will not change.

The rates can be found attached to this transmittal and posted [here](#). Additional information about rates and the rate models can be found [here](#). Rate changes for

supported living, professional behavior services, and children’s foster care, effective July 1st, are discussed [here](#).

Rates for services not included are either not changing or will be announced later.
