Action required:

ODDS is opening a survey on May 12, 2022 for County DD Program Managers and Support Services Brokerage Directors to complete by **June 10, 2022**. This survey is intended to capture current information about relationships with local emergency management offices and should take between 5-10 minutes to complete. Each County DD Program Manager will complete 1 survey for each Support Services Brokerage that operates in their area. Each Support Services Brokerage will complete 1 survey for each county they operate in. The goal is to gather feedback from both entities on the same relationship.

Example:

Resource Connections of Oregon (RCO) operates in Marion, Polk, Yamhill, Lane, Linn and Benton counties – they will complete 1 survey for each county, in total RCO will complete 6 surveys.

Marion County DD Program has 2 Support Services Brokerages that operate in their county – Marion county will complete 2 surveys.

Reason for action:

In order to gather information about current relationships between Case Management Entities (CMEs) and their local emergency management offices. ODDS is looking to identify current barriers as well as information for how CMEs have successfully built relationships and overcome barriers in the past. ODDS will use this information to help CMEs **and** emergency management offices identify ways to improve local relationships and encourage ongoing communications.

Communication/training:

This transmittal will be discussed during the next Monthly Transmittal Review. Please send questions in advance to ODDS.Questions@dhsaha.state.or.us.
