**Action required:** The Centralized Abuse Management System (CAM) will replace Serious Event Report Team (SERT). After a Case Management Entity (CME) has been certified to use the CAM system, each incident that raises to the level of a Serious Incident must be entered in the CAM system and not SERT. The dates for each CME to begin entering SI information into CAM are identified below. Each CDDP will receive a final SERT data report identifying all serious incidents for the past two years before SERT is fully decommissioned on 12/31/19. This information will be sent electronically to each CDDP at the end of December 2019.
