Message:

The eXPRS release which contains the Eligibility and Enrollment functionality which was anticipated 3/14/2018 was delayed. At this time, it is anticipated that the eXPRS release will take place the week of 4/16/2018 and no later than the last week of April. At the time of this release, the requirements for Eligibility and Enrollment in eXPRS as outlined in AR 18-10 (Eligibility in eXPRS), AR 18-019 (New Level of Care), as well as the Eligibility and Enrollment Worker Guide and Instructions will be required as they relate to directly entering eligibility information in eXPRS.

ODDS will host a webinar Thursday, **April** 19th from 1:30-2:30 to go over the next application in eXPRS. To register, please follow this link:

<https://attendee.gotowebinar.com/register/5595293017945472515>

In the event that the release does not occur by 4-19-2018, this webinar will be cancelled and a webinar will be scheduled for the week of the release. We will do our best to record the webinar and put it online, and will capture FAQs which will also be posted. ODDS and TAU will be available for technical assistance at the time of release.

As a reminder, even after the release, until the ONA is formally being used for

assessments, the new waivers are in place and rules are updated to reflect the new LOC process (as a part of the ONA), LOCs continue to need to be submitted to ODDS for D&E approval.
