Message: ODDS will be hosting a webinar training and technical assistance regarding the new Guide To Assistive Devices and Assistive Technology. Monday, March 2nd from 9:30 am until 10:30 am. Register for the webinar here:

<https://attendee.gotowebinar.com/register/5458704001805919756>.

We use a teleconference line because a number of participants do not have speakers that work on their computer; therefore, we use the webinar to present the training and a teleconference line for the audio. Call 1-877-873-8017,,772325# to hear the audio.

The webinar will start promptly at 9:30 am and begin with a presentation and training. Questions can be posed during the training by typing them into the sidebar of your webinar software. Questions will be answered, and specific technical assistance will be provided following the presentation.

The Guide To Assistive Devices and Assistive Technology can be found here:
