UPDATED 12/3/20

- This transmittal has been updated to reflect all current COVID related transmittals and communication strategies (below)
- Guides and this transmittal have been updated to show the move from phased reopening to a four level, risk based reopening.
- The residential guide clarifies that a COVID negative test may not be required for a resident to re-enter their home.
- The Employment and DSA guide updates to reflect the four level, risk based reopening, clarifies some reporting requirements and clarifies that DSA or Employment Path may be utilized to help someone access and learn how to use various IT programs.
- The CME guide adds that service reductions are allowed in cases of erroneous eligibility determinations and presumed eligibility determinations that are later determined ineligible.

UPDATED 11/16/20

- In response to Oregon’s “freeze” on reopening, starting 11/1/8/20, guides are being updated to reflect stricter visitation policies for residential settings.
- Guides are being updated to draw attention to the travel advisory put into place on 11/13/20.
- The ODDS Employment, DSA, or Attendant Care services may only occur in an individualized 1:1 setting, and not in a group. No more than six people, including staff, in a provider site or facility at a time.
- Support to use small group or employment path to do essential work may continue if previously approved for baseline and phase one.
- Individualized 1:1 services (Job Coaching, Discovery, Path, or DSA) may continue. - -
- Remote services may continue.
- Provider may reopen under an ODDS-approved reopening plan once a county returns to Phase 2 without Pause to Reopening.

UPDATED 11/12/20

Oregon OSHA issued new COVID rules effective November 16, 2020 prescribing additional standards for employers to implement in workplace settings. Depending on the provider’s status as an employer, service settings where individuals receive agency supports may be impacted by the new OSHA regulations.

The new OSHA rules apply to provider employers and requirements may vary from

ODDS COVID operations policies. The ODDS COVID operations policies continue to apply. OSHA is a distinctly separate program not affiliated with ODDS. ODDS, including licensors and certifiers, are not responsible for the implementation or monitoring of OSHA regulations in service settings.

Additional updates include:

- Clarification of essential visitors in residential settings. A “paused” status overrides a county’s reopening phase designation and the limit on number of visitors to a home does not include provider, DSP, or caregiver staffing.
- Clarification of a provider’s expectation to communicate exposure and outbreak concerns with other service providers.
- Submission timeline for submission of electronic documentation for licensing reviews has been shortened to three business days (for the items that previously allowed for seven business days).
- Providers are required to submit COVID screening logs as part of required documentation for licensing or certification reviews.
- Updated clarification and expectations related to the use of masks or face coverings for employment or day services.

UPDATED 11/10/20

- As of 11/10/20 the Governor declared a “pause” on reopening activities in five counties. This list may be updated from time to time. A provider is responsible for knowing the status of the county where they are delivering services and to deliver them according to the applicable reopening guide. “Paused” counties can be found [here](#). Visitation guidance has been updated for residential settings in counties declared to be in “paused” or baseline status. Essential visitors do not include friends or family for a setting in a paused county.
- The residential guide clarifies that providers may not prohibit or inhibit people from leaving or returning to their homes.
- The employment/DSA guide is being updated to clarify:
 - Individuals must wear masks for any group/facility Employment, DSA, or Community Transportation services. Accommodations will be made for individuals through alternative service settings.
 - Clarification on exposure notification and closure requirements when there is a COVID-19 exposure in an Employment or DSA service setting.
 - Non-residential day services permitted during Baseline or any Pause on Reopening include:
 - Remote or virtual services
 - Job Coaching
 - Discovery
 - Small Group or Employment Path services that take place at an essential business.
 - Individualized 1:1 Employment Path/Day Support Activities *that take place*

in the community or at a provider site. This 1:1 service or agency attendant care may not occur in a group. Group-based services may occur for individuals who reside together in one home.

- No agency services may occur in a group during baseline, phase one, or a pause to reopening, unless the individuals reside together in the same home.
- Provider agencies must have an ODDS-approved reopening plan to deliver any Employment, DSA, or Attendant Care services in a group or at a provider site (either 1:1 or in a group).

UPDATED 10/27/20

- Reopening guides have been updated to reflect staff qualification requirements have been extended or modified.
- Guides have been updated to expand essential visitors to include family members, guardians, and close personal relationships, and allow for essential visitors in all counties, regardless of reopening phase.

UPDATED 9/16/20

- Each reopening guide is being updated to provide notice that spit guards are not an acceptable face covering and are not considered masks.

Please note as described below in the Discussion/Interpretation section of this transmittal, these reopening guides have replaced most COVID-related transmittals. The list of transmittals that have been replaced is below.

UPDATED 8/19/20

- The CME guide is being updated to remove the expiration date for summer hours. They are available until further notice. There is no change to the types of supports that make up attendant care. Supports remain limited to ADL, IADL, and health related tasks. It also clarifies that attendant care use is not restricted based on the hours of the “school day.” Information about appropriate use of DSA and benefits counseling for transition age individuals has been added.
- The residential guide extends COVID related rate exceptions until further notice. It adds additional information about exceptional rates. It stresses the importance of follow visitation guidelines.
- All Tier Memos with an expiration date of 08/31/2020 are automatically extended by way of this transmittal.

UPDATED 7/20/20

- The employment/DSA guide is being updated to reflect a limit of 10 participants inside a building or facility.
- The employment/DSA guide and the in home guide require “camps” to have a

reopening plan.

- Residential and supported living providers are required to make masks available for individuals for when they leave their home.
- The Licensing guide announces the resumption of 120 day reviews effective August 1, 2020.
- Nothing in these updates changes previous guidance related to visitors in residential settings.

UPDATED 7/7/20

- The residential, supported living and in-home reopening worker guides linked below have a new requirement around an agency's responsibility when an employee may have been exposed to COVID-19.
- The residential guide has also been updated to describe mask and face covering requirements for Adult Foster Care providers.
- The list of obsoleted transmittals below has been updated.
- The list of COVID-19 symptoms and essential person screening questions have been updated where appropriate.
- The employment guide identifies that employment path services at a provider site must include a community component.

Discussion/interpretation:

ODDS responded rapidly to the COVID-19 pandemic and state of emergency. This was done primarily through a series of transmittals and supporting documents describing various temporary changes to normal policy and operations. As Oregon begins reopening, it is ODDS' desire to consolidate these COVID-19 related changes into six guides, each targeted to a specific audience. These guides will replace most of the transmittals released since the start of the COVID-19 pandemic. The guides are ODDS policy. The target groups are:

- Case Management Entities (CMEs):
[Case Management Reopening Worker's Guide](#)
- 24 Hour Residential and Foster Care Providers:
[Residential Reopening Worker's Guide](#)
- Employment and Day Support Activities Providers:
[Employment and DSA Reopening Worker's Guide](#)
- Supported Living Providers:
[Supported Living Reopening Worker's Guide](#)
- In-Home Agency Providers:
[In-Home Agency Reopening Worker's Guide](#)

- Licensors:
[Licensing Reopening Worker's Guide](#)

Transmittals aimed at other provider types (including Personal Support Workers [PSWs] and Behavior Consultants) will remain in place.

There are also several resources for Individuals and Families regarding re-opening including:

- [COVID-19 Reopening Powtoon](#)
- [Developing a Plan for Returning to Work and Activities](#)

Oregon's overall re-opening strategy has transitioned from a three-phase reopening plan to a four level risk based plan, as directed by Gov. Brown. Different counties may be in different risk levels at the same time, and the different risk levels may affect the policies contained in these guides. The guides will be updated to reflect policy changes based the phases and now, risk levels. The applicable policy is based on the risk level of location of the service or setting. A link to a county's risk level may be found on [this page](#). All the information in the guides attached to this transmittal are [posted here](#).

The following COVID-19 related transmittals are now obsolete:

- Action Requests (all year 2020): 011, 018, 019, 020, 021, 022, 023, 024, 027, 028, 029, 033, 036, 040, 049, 050, 057, 058, 059, 060.
