Meeting Summary
<p>PTC Project Update: Cassidy Williams, Operational and Policy Analyst, ODHS-APD</p> <ul style="list-style-type: none"> •Design: The PTC Project Team is currently reviewing design documentation for OR PTC DCI with approval by the end of this month.

•**Solution Testing:** The Vendor has begun their testing as the Project prepares for acceptance testing of OR PTC DCI.

•**Readiness Task Force:** We had another successful session last month and will continue this month to review training content, plan communications, create go-live support structures, etc.

•**Communications and Organizational Change Management:** Continuing to build and reinforce awareness and desire through multiple communication outlets and formats with staff, partners, Consumers and Providers.

Pilot Go-Live: August 1st

–This is when a select group of Staff, Consumers and Providers will switch from paper vouchers to the OR PTC DCI Solution. They will have a chance to provide the PTC Team with feedback before rolling out statewide.

•**Statewide Go-Live: September 12th**

–This is when all remaining Staff, Consumers and Providers in scope for this project will switch from paper vouchers to the OR PTC DCI solution.

Note: Paper vouchers will be stopped from printing & mailing on the go-live date for each group.

PTC Project email

PTCProject.Info@dhsosha.state.or.us

The Project Team monitors emails daily.

PTC Project website:

<https://www.oregon.gov/DHS/APD/ORPTC/pages/index.aspx>

• Will include events, project updates, FAQs and more.

Local Office

• Staff able to answer questions.

- Ask for a PTC Readiness Coach.

Roberta Lilly, OHCC Training Manager

They performed maintenance on the Registry to improve functionality, including a password reset feature. Some people are still experiencing issues with password reset. Some users may have multiple profiles or may not have a valid email address on file, making the feature malfunction. They are actively working on that now and expect to have it fixed shortly.

PACE LMS System:

- OSU PACE Professional and Continuing Education (PACE) learning management system will be hosting our courses and they are working on the programming now. Workers will be able to go to PACE and sign up for classes, cohorts, view the certification dashboard, see assessments and evaluations.
- The classes will be added throughout this pilot process and include on-demand and registration for webinars.

The benefits of a new system include:

- Certification dashboards so workers can follow their progress
- This system will be more user friendly
- The Registry will still be used
- PACE is a pilot
- Changes can be made more quickly
- Tutorials on how to use the system will be provided
- OSU/PACE will handle most of the IT issues
- OHCC will be able to offer more on-demand classes
- It would be all-in-one spot for online training
