

# OHCC Training Committee Meeting Summary

January 26, 2022

550 Capitol St., Salem, OR 97301 (remote meeting)

## Remote attendees

- Marsha Wentzel, OHCC Commissioner
- Traci Lerner, APD Policy Analyst
- Rebecca Hill, Program Manager, Creating Opportunities
- Dale Mayuiers, OHCC Training and Development Specialist
- Melanie Ewell, Certification Coordinator

**November meeting notes:** reviewed and approved.

**January agenda:** reviewed and approved.

**Certification's report:** Certification report through Dec 2021 presented by Melanie Ewell. Questions regarding certifications were asked by Marsha. Melanie provided data on actual processing times.

**Training report:** Training report for Dec 2021 presented by Dale Mayuiers. No Follow-on questions or issues raised.

**PACE certification dashboard review:** Latest update on PACE was presented. Information included blended model of training for Enhanced Certification, recent development efforts to provide PDC data within user dashboard, and upcoming courses to be added to the PACE library. Rebecca asked why individuals must login/register with at least two systems (Carewell and OHCC) to complete training courses. Dale answered that OHCC and Carewell are two separate entities. Each presents training that is unique and there is little, if any, overlap with respect to training topics. Rebecca suggested that individuals requiring training would be best served with a clear layout and set of instructions for both the OHCC and Carewell training programs.

**Family Caregiver Paid Provider course update:** Development of the FCPP course is expected to begin shortly. Other training courses are currently being created and finished in instructor-led/webinar and on-demand formats.

**Mental Health First Aid course - webinar:** Mental Health First Aid course will be delayed slightly so that OHCC can complete logistical requirements. Course materials

are needed within various sessions of the eight-hour course. The present goal for the MHFA course is February, though this may be pushed back to March depending on the availability of course materials.

**Additional questions and topics:** Marsha recently completed an Enhanced Certifications course. She noted that course materials were not given following the webinar and the curriculum was less than she had experienced in the past. Dale responded by agreeing to look into the matter and review the course materials.

**Action items:** Note stated
