- (2) To serve those persons who are the most functionally impaired and who have no or inadequate alternative service systems; and
- (3) To assure access to services paid by the Department to eligible persons; and
- (4) To assure that services paid by the Department, and the setting in which they are provided are safe and adequate; and
- (5) To manage limited resources to enable the greatest possible number of persons to receive needed services through a priority system based on the Department's assessment of the client's functional impairment and alternative service resources.
