(6) Default Order. If the licensee or applicant fails to request a contested case hearing within the prescribed time period, withdraws a previous hearing request, or fails to appear at a scheduled hearing, the Department may enter an order denying or revoking the license by default. In the event of a default, the Department's files on the subject of revocation or denial automatically become part of a contested case record for the purposes of proving the Department's prima facie case.

(7) Emergency Suspension Order.

(a) When the Department finds a serious and immediate threat to resident health and safety exists, the Department may immediately suspend a nursing facility license. An emergency suspension order must be in writing. The order may be issued without prior notice to the licensee and without prior opportunity for a contested case hearing.

(b) Except where the threat to residents is so imminent that the Department determines that pre-suspension notice is not practical, the Department must provide the licensee with a pre-suspension notice and an opportunity to object before issuing an emergency suspension order. The pre-suspension order shall:

(A) Describe generally the acts of the licensee or circumstances that are grounds for an emergency suspension order under this rule, or both;

(B) Describe generally the reasons why the acts of the licensee or the circumstances seriously and immediately endanger resident health and safety, or both; and

(G) That if the demand for a hearing is not received by the Department within 90 days of the date of the emergency suspension order, the licensee shall have waived its right to a hearing under ORS Chapter 183;

(H) The effective date of the emergency suspension order;

(I) Findings of the specific acts or omissions of the licensee that are the grounds for the suspension, and the reasons the acts or omissions seriously and immediately threaten the health and safety of the residents; and

(J) That the Department may combine the hearing on the emergency suspension order with any other Department proceeding affecting the license. The procedures for the combined proceeding shall be those applicable to the other proceeding affecting the license.

(e) If a timely request for a hearing is received, the Department must hold the hearing as soon as practical. At the hearing the Department shall consider the facts and circumstances, including, but not limited to:

(A) Whether the acts or omissions of the licensee pose a serious danger to resident health and safety; and

(B) Whether the circumstances at the time of the hearing justify confirmation, alteration, or revocation of the order.

(8) License Expiration. If the Department determines a license has expired due to the facility's discontinued operation, the licensee has a right to an informal conference under section (4) of this rule and a hearing under section (5) of this rule. 411-089-0050 Restriction of Admissions (Amended 06/28/2015)

(1) Purpose. The purpose of this rule is to protect nursing facility residents and prospective residents from threats to their health, safety, and welfare, and to help ensure the attention of facilities with serious deficiencies is directed toward correcting those deficiencies.

(2) Basis for Admission Restriction. When the Department finds an immediate threat to resident health and safety, the Department may order an immediate restriction of admissions, or may immediately restrict the number or type of admissions at the facility. An Admission Restriction

Order shall be in writing and may be issued without prior notice to the licensee and without an opportunity for a contested case hearing.

(a) In determining whether to order a restriction of admission under this rule, the Department shall consider:

(A) The needs of the residents and prospective residents;

(B) The severity of the threat to current and prospective residents; and

(C) The history of the care provided by the licensee.

(b) For the purposes of this rule, an immediate threat to resident health and safety may exist when a facility lacks adequate alarm systems including, but not limited to, call bells, fire or door alarms, or any other means to protect against a threat to resident health and safety.

(c) For the purposes of this rule, an immediate threat to resident health and safety exists when:

(A) The Department finds a pattern of:

(i) Failure to assess or take action to prevent or treat decubitus ulcers, weight loss, infection, dehydration or other changes in the physical condition of residents;

(ii) Failure to follow physician's orders, including failure to correctly administer medications; or

(iii) Abuse as defined by ORS 441.630, or preventable injuries.

(B) The Department finds any other condition or combination of conditions exist that in the opinion of the Department, constitute an immediate threat to resident health and safety, or a potential threat to new residents.

(3) Impending Admission Restriction Notice. Except where the threat to residents is so imminent that the Department determines pre-restriction notice is not practical, the Department must provide the licensee with a pre-restriction notice and an opportunity for an informal conference at least 48 hours before issuing an Admission Restriction Order. The Notice of Impending Restriction of Admission may be provided in writing, sent by certified or registered mail to the licensee, or provided orally in person or by telephone to the licensee or to the person in charge at the facility. When the notice is delivered orally, the Department shall subsequently provide written notice to the licensee by registered or certified mail. The pre-restriction notice shall:

(a) Describe generally, the acts or omissions of the licensee and the circumstances which led to the finding that an immediate threat to resident health and safety exists at the facility;

(b) Describe generally, why the acts or omissions and the circumstances create an immediate threat to resident or prospective resident health and safety;

(c) Identify a person at the Department whom the licensee may contact who is authorized to enter the Admission Restriction Order or to make recommendations regarding issuance of an order; and

(d) Specify the date and time the Admission Restriction Order takes effect.

(4) Informal Conference. If an informal conference is requested, the conference shall be held at a location designated by the Department. If determined to be appropriate by the Department, the conference may be held by telephone.

(a) With Pre-Admission Restriction Notice. If a pre-admission restriction notice is issued, the licensee shall be provided with an opportunity for an informal conference to object to the Department's proposed action. The Admission Restriction Order may be issued at any time after the informal conference.

(b) Without Pre-Admission Restriction Notice. If an Admission Restriction Order is issued without prior notice, the licensee may

request an immediate informal conference to object to the Department's action.

(5) Admission Restriction Order. When an Admission Restriction Order is issued, the Department shall serve the order on the licensee either personally or by registered or certified mail. The order shall include the following statements:

- (a) The licensee's right to a hearing or a statement of the time and place of the hearing;
- (b) The authority and jurisdiction under which the hearing is being held;
- (c) A reference to the particular sections of the statute and rules involved;
- (d) The effective date of the restriction;
- (e) A short and plain statement of the nature of the matter asserted or charged;
- (f) That the licensee may elect to be represented by counsel and to respond and present evidence and argument on all issues involved. If the licensee is to be represented by counsel, the licensee shall notify the Department;
- (g) That the licensee has the right to demand a hearing, if requested, be held as soon as practical;
- (h) That if a demand for hearing is not received by the Department within 90 days of the date of the notice of the Admission Restriction Order, the licensee shall have waived the right to a hearing under ORS Chapter 183;
- (i) Findings of specific acts or omissions of the licensee are grounds for the admission restriction, and the reasons these acts or omissions constitute an immediate and serious threat to the health and safety of the residents; and

(j) That the Department may combine the hearing on the Admission Restriction Order with any other Department proceeding affecting the licensee. The procedures for the combined proceeding shall be those applicable to the other proceedings affecting the license.

(6) Posting of Admission Restriction Order. A licensee who has been ordered to restrict admissions to a facility shall immediately post a "Restriction of Admissions Notice" on both the inside and outside faces of each door of the facility through which any person may enter or exit the facility. Such public notices shall be provided by the Department. The notices shall not be removed, altered, or obscured until the restriction has been lifted by the Department. Removal of the notice without the Department's authorization is a Class C misdemeanor.

(7) Hearing:

(a) Right to Hearing. If the Department issues an Admission Restriction Order, the licensee is entitled to a contested case hearing pursuant to ORS Chapter 183.

(b) Hearing Request. The request for a hearing must be received within 90 days of the Admission Restriction Order.

(c) Date of Hearing. When a timely request for hearing is received, the hearing must be held as soon as practical, but not later than 30 days after the request for hearing, unless the Department and the licensee agree to a later date.

(d) At the hearing, the Department shall consider the facts and the circumstances including, but not limited to:

(A) Whether at the time of the issuance of the restriction there was probable cause from evidence available to the Department to believe there were grounds for the Admission Restriction Order;

(B) Whether the acts or omissions of the licensee posed an immediate threat to resident health and safety;

(C) Whether changed circumstances, including implementation of effective systems to help ensure deficiencies causing the restriction do not recur, eliminate the need for continuing the restriction; and

(D) Whether the agency followed the appropriate procedures in issuing the restriction.

(8) Re-inspection.

(a) Request for Re-inspection. When the licensee determines the circumstances causing the restriction no longer exist, and that effective systems are in place to help ensure similar deficiencies do not recur, the licensee may make written request to the Department for a re-inspection. The Department must conduct the re-inspection within 15 working days following receipt of the written request.

(b) If the Department finds there is no longer an immediate threat to resident health and safety, and finds effective systems are in place to ensure similar deficiencies do not recur, the restriction must be lifted. The Department must notify the facility by telephone of the decision to lift or not lift the restriction within five working days from the completion of the re-inspection. Telephone notification must be followed by written notification.

(c) If the Department determines an immediate threat to resident health and safety continues to exist after a re-inspection, the admission restriction is not lifted and the Department is not obligated to re-inspect again for at least 45 days. A decision not to rescind the Admission Restriction Order shall be given to the licensee in writing and the licensee shall be informed of the right to a contested case hearing pursuant to ORS Chapter 183. Nothing in this rule is intended to limit the Department's authority to visit or inspect the facility at any time.

(9) Exceptions to Admission Restriction Order. While an Admission Restriction Order is in place, the Department, in its sole discretion, may authorize the facility to admit former residents with a right of return or right of readmission. The Department, in its sole discretion, may also authorize

the facility to admit new residents for whom the Department determines that alternate placement is not feasible.

(1) Complaint Intake. The local APD or Type B AAA office receiving a complaint shall ask questions to obtain as much of the information requested on the APD Complaint Intake Form as possible. The local APD or Type B AAA office shall have at least one person designated and available to receive complaint calls throughout the work day.

(2) Complaint Investigation.

(a) All Complaints Investigated. The Department shall ensure all complaints, including anonymous complaints, received regarding violation of nursing facility laws are investigated.

(b) Multiple Problems. If the complaint alleges more than one problem, each allegation of abuse or another rule violation shall be treated as a separate complaint, and shall be given a separate finding. This is not intended to require a separate status report or complaint investigation report for each allegation.

(c) Complainant Interview. The APD or Type B AAA office representative shall interview the complainant immediately and, as necessary, during the investigation.

(d) Accompany Investigator. The investigator shall ask if the complainant, a designee, or both wish to accompany the investigator

to the site. The purpose of allowing the complainant or a designee to accompany the investigator is to identify individuals and circumstances relevant to the complaint. If someone is to accompany the investigator, the investigator shall notify such party of the time and allow the party to accompany the investigator during the site visit.

(e) Timeframe to Begin Investigation. The investigations shall be initiated as follows:

(A) If the complaint alleges a resident's health or safety is in imminent danger or the resident has recently died, been hospitalized, or been treated in an emergency department, the on-site investigation shall begin within two hours of the complaint.

(C) All other complaint investigations shall begin and be completed within 90 days following receipt of the complaint.

(f) Prior Notification Prohibited. Neither the Department nor the local APD or Type B AAA office shall contact the facility before the on-site investigation.

(g) Facility Visit. The investigation shall include at least one unannounced visit to the facility. Upon arrival at the facility, the investigator shall announce his or her presence to the administrator or other person designated to be in charge. The investigator shall explain the purpose of the visit, unless the investigator has reason to believe that disclosing the purpose of the visit would impede the investigation.

(h) Witness Interview. Reasonable effort shall be made to interview all possible witnesses, including alleged perpetrators (if any), the involved residents and any other persons, including other residents,

identified by any source as having personal knowledge about any allegations.

(A) Investigators have the authority to conduct the interview in private unless the witness expressly makes an unsolicited request that a third party be present.

(B) The investigator shall obtain the mailing address of the alleged perpetrator.

(C) If the investigator is unable to interview a witness identified by the complainant, the complainant shall be notified before the investigation is concluded.
