RULE SUMMARY:

Include a summary for each rule included in this filing.

The Department is immediately amending this rule in OAR chapter 411, division 032 to do the following:

- Amend OAR 411-032-0050 to extend the date of the OPI pilot program through June 30, 2021. The rules applicable to the pilot expired on June 30, 2019.

This rule modification changes the time period effective July 1, 2019.

STATEMENT OF NEED AND JUSTIFICATION

Need for the Rule(s):

The Department needs to immediately amend the Oregon Project Independence Pilot rule in 411-032-0050 to continue providing services to adults with physical disabilities that are currently receiving such services in regionally diverse pilot locations through the Area Agencies on Aging. This rulemaking expands the date of the pilot program to allow the Department to continue providing services through the next biennium, as the pilot currently expired on June 30, 2019.

Justification of Temporary Filing:

Failure to act promptly and immediately to amend OAR chapter 411, division 032 will result in serious prejudice to the public interest, the Commission, and Area Agencies on Aging (AAA) operating the pilot expansion and serving 300+ individuals. These rules need to be amended promptly so that the pilot program can continue in the designated AAA programs through the 2019-2021 biennium, as directed by the Legislature and APD administration.
