**Date:** March 12, 2014

**Subject:** MP3 player announcement

DOC began selling MP3 players in September 2012. Since then, the players have become very popular. They play music and can send and receive electronic messages. DOC is now looking at other types of players, accessories, and products. We will announce new products once they have been selected.

As we look at new products, we want to let you know that existing MP3 players will continue to work. Music Warden kiosks will stay in place for music, messaging, and photo downloads. Accessories (armbands, screen savers, keyboards, etc.) for existing MP3 players will still be available. Our supplier has informed us that there are limited quantities of the 4GB and 8GB MP3 players. These models will be available until sold out. The supplier has also agreed to maintain the holiday sale price of \$89.99 (4GB) and \$109.99 (8GB) until they are sold out.
