Dear Joyce,

Enclosed are copies of documents and photographs, which belonged to my Great Grandfather Edgar Mogridge. I thought you might like these for the Historical Society Museum. Ironically, I am a precious metalsmith!

Photograph Description:

1) Family in car: Edgar Mogridge and family.
2) Man throwing something, Edgar Mogridge in Whittier, CA.
3) Man in chair, Edgar Mogridge in Whittier, CA.
4) Boy with Ostrich. Conley Davies, Son in Law of Edgar (my grandfather), photo taken in August 1919.

Thank you!

SYLVANITE MINING COMPANY

CAPITAL STOCK $1,500,000

NUMBER 179

SHARES 100

This certificate that Ed. W. Warden is the owner of one hundred shares of the capital stock of Sylvanite Mining Company, fully paid and non-transferable, transferable only on the books of the corporation in person or by Attorney. In Witness Whereof the duly authorized officers of the corporation have hereunto subscribed their names and caused the corporate seal hereto affixed this Eighteenth day of December, 1911.

Secretary

President
To the Stockholders of the Oregon-Ontario Mining & Smelting Company, Ltd.—

Dear Sir: The regular annual meeting of the stockholders of the Oregon-Ontario Mining and Smelting Company was held at the company's office in the city of Gold Hill, county of Jackson, state of Oregon, on the 5th of July, at 2 p. m., 1911; there being present, by a vote, representing 1,379,515 shares.

The officers elected for the ensuing year are as follows:

President, Fred D. Barber.
Vice President, Fred K. Chantler.
Secretary and Treasurer, Lon Barber.
Board of Directors: W. R. Oxley, Fred D. Barber, Lon Barber, Fred K. Chantler and John Muir.

At the meeting it was shown that it was a material advantage to the company to effect a change in its name, among the important reasons for the change being, that the company is organized under the laws of South Dakota and that in order to attain the rights of citizenship for our corporation it would be necessary to register with the Secretary of the State of Oregon; or to reincorporate under the laws of the State of Oregon; and whereas, it is the purpose of the company to establish a postoffice at the mine, and on the property of the company, to be known as Sylvanite, therefore it was resolved by the directors, and ratified by a majority of the stockholders, that the President and Secretary be authorized to execute a deed of conveyance, conveying all the right, title and interest, both law and in equity, of all the property belonging to the Oregon-Ontario Mining & Smelting Company Ltd., to the new company, viz., Sylvanite Mining Co. It was further resolved that they issue new stock share for share, and of equal value per share, both of outstanding stock and treasury stock.

LON BARBER,
Secretary-Treasurer.

and a half hours, or about two hours better than the former record for the distance. At Frisco he sold the car, a ninety-horsepower machine, and bought a new one, also a Simplex, seventy. Mr. Morrill returned by train, and the new car, which was shipped by freight, will soon arrive.

With the Gold Hill Bank holding an attachment against its equipment in the sum of $3,500 for an overdraft, former employees holding an attachment against the mine itself for delinquent wages, and with its office furniture attached by Attorney J.H. Beeman for unpaid fees, the Sylvanite Mining company may literally be said to be "up against it." The bank, the attorney and the men, all having previously secured judgment, have ordered the sheriff to begin proceedings for the sale of the attached property. Others of the employees allowed their claims to extend beyond the sixty-day limit, and are therefore debarred from sharing in the attachment carnival. The largest single sum owed by the company is $3,500 to the Gold Hill Bank. The bank cashed two checks, for $500 and $3,000, drawn by the local office of the company on the Traders Bank of Canada, Harriston, Ontario. The checks were turned down by that bank. It is understood that the local office of the Sylvanite Mining company is to believe that they would be honored, as Ontario backers of the company had been taking care of checks at that bank, but on this last occasion it seems that these backers having reached the limit of this financial patience, refused to "make good." Fred Barber, president of the company, has been here the past two weeks, negotiating a settlement of the company's affairs, but left Thursday night for the east without having arrived at an adjustment with any of the creditors.
