EQUIPMENT ON PROPERTY

.....

Surface indications along the strike of the vein are being explored at the **Forest Queen** mine in the Cornucopia district of Baker County, Oregon, by Ernest R. Gray of Missoula, Montana. Gray is attempting to determine the most practical point to open the vein from beneath in some of the old workings. He states that if the findings justify, operations will be started in a small way in the near future.

Forest Queen Mine  
Mining Jour.(Phoenix) v. 21, no. 6, p. 32, Aug. 15, 1937

"Surface indications along the strike of the vein are being explored at the Forest Queen mine in the Cornucopia District of Baker Co., Oreg., by Ernest R. Gray of Missoula, Mont. Gray is attempting to determine the most practical point to open the vein from beneath in some of the old workings. He states that if the findings justify, operations will be started in a small way in the near future."
