

BIG JOHNNY MINE

Harrison Gp.

GREENHORN ~~located about~~ ^{of}
 DISTRICT: ~~is~~ 7 miles west from shipping point, Tipton, on the
 Sumpter Valley Railway. Located about 1900, and consists of 6
 lode unpatented claims, recorded in Canyon City. Located in high
 mountain area; country rock is granite with hanging wall of
 porphyry, granite foot; vein strata bearing east and west; width
 30 feet, length 6000 feet. Minerals are gold and silver, assayed
 at \$2 to \$20 per ton. Water is ample; power can be purchased
 from the Eastern Oregon Light and Power Company nearby; timber on
 claims; mine is idle and no surface equipment is available. De-
 veloped by 937 feet of tunnels and a shaft 50 feet deep. Owner
 is W. C. Fellows, Baker, Oregon (Prescott---6/1/37).

BIG JOHNNY

The Big Johnny, a recent strike in the Greenhorn district, is being developed by a small crew of men and recent reports are to the effect that the ore is improving with depth. This property is located west of the old Banner mine.

A crew of several men have been working at the Ben Harrison Mine under the direction of C.T. Cousins, clearing up the old wrecked buildings, and preparing to reopen the mine, dewater the shaft next spring. Camp and road is planned to be built ~~xxxx~~ this winter so that machinery can be brought in first thing next spring.
